ASSEMBLY ACTED DESPITE PROTEST

Presbyterians Adopted Form to Keep Gifts in Southern Church.

FIGHT OVER THE PROPOSAL

Argued That It Might Hinder Union With Some Other Church—Interesting Sessions—With Northern Presbyterians.

Lewisburg, W. Va., May 23.—Despite the protest that the action might hinder union with some other church, the Southern Presbyterian Church in General Assembly here this afternoon adopted an optional form of conveyance whereby future donors may be assured that their gifts will remain forever in that organization.

The fight over the proposal was the most earnest of any contest of the of Abingdon, Va., led the forces in Assembly. Judge Frank B. Hutton, favor of the adoption of the form, having presented a majority report of a special committee.

Rev. C. R. Nesbit, of Nashville, Tenn., submitted a minority report signed by himself and was the leader of what proved to be the majority on the floor. Dr. W. L. Lingle, of Atlanta, Ga., played the role of an unsuccessful compromiser. He wanted the Assembly to adopt no forms.

The contest on the floor was inaugurated by Judge Hutton. He read the form of deed, providing that the property given any court or institution in the church could not be diverted to any institution beyond the control of the church.

The discussion became interesting when Dr. Nesbit declared that the action proposed by Judge Hutton would provoke an untimely discussion of organic union. He asked that the church be left to "follow where the Holy Spirit leads."

"My conscience tells me," said he, "if I let this go without protest I will be a sinner."

Put up coat sleeves in court room fashion, Judge Hutton set to work to defend his report.

"Whose leading the Holy Spirit?" he demanded of the minister with an explanation that he was not facetious "Does any one know where the Spirit is going to lead us? How do we know that we will interfere with the leading of the Spirit."

Judge Hutton said that this would not permit organic union. He explained that it merely provided a form whereby a person could give property to the church and know that it would never be diverted to any institution outside the Southern Presbyterian Church.

"Your Assembly asked our committee to draw such a form and we did it. And yet you accuse us of stirring up a debate on organic union and of being sinners."

Dr. Nesbit got the floor long enough to say that the report was dangerous because it provided for the Assembly giving its influence to this king of donation.

"I hope that never again will I ever be appointed on a committee with three lawyers," said he.

The debate became general. In their earnestness frocked gentlemen became oblivious to their surroundings. The Rev. Dr. M. L. Lacey, the very personification of dignity and reverence so far forgot himself, as he patted out a point in the palm of his hand as to say "I'll bet you —"

Laughter for the first time during the Assembly put to rout the Presbyterian dignity of the august body. The gray haired old man changed his statement to "I venture —"

Finally Judge Hutton's report was adopted by a vote of 100 to 76.

During the day, the Rev. J. D. Leslie, of Texas, was elected permanent clerk, over Dr. John R. Herndon, of Tennessee; Dr. A. M. Frazer, of Virginia, F. M. Craig, of Alabama. The Committee on Marriages and Divorces submitted reports. No action was taken upon them.

Work for the Assembly.

Whether a church may take favorable action to prohibition, in a regular election must be acted upon by the Assembly. Upon recommendation of the judicial committee, the Assembly today organized a commission of 27 to hear the complaint of the Rev. W. I. Sinnett against the Northern Alabama Presbytery.

That Presbytery is charged with having taken action under such circumstances.

The Assembly is deeply chagrined at a mistake which is said to have crept into the greetings sent to the Southern Methodist Conference at Asheville, N. C., in the message the Assembly referred to Isaiah 52-7 as expressing its sentiments. Instead of this brotherly passage about the message from the mountains being cited, it is understood the reference when it arrived at Asheville was to Isaiah 53-7. This passage tells about "Lambs led to the slaughter."

"Coming just after the election of seven bishops," the Rev. C. R. Hyde, of Little Rock, Ark., told the Assembly today, "our Methodist brethren may think us officious," he suggested that no more references be included in greetings. The Assembly may ad-

SPITZER IS BACK AT SUGAR TRIALS

Comes From Atlanta Prison With Pardon to Testify in Fraud Cases.

MORE ARRESTS NOW EXPECTED

Served Only Three Months of Two Year Term—Was Like a Spectre From the Grave—His Confession Causes Arrest.

New York, May 23.—Oliver Spitzer, a man whose conscience hurt him, came back to New York today like a spectre from the grave, and with a pardon from the President in his pocket, gave testimony at the trial of Charles R. Heike, secretary-treasurer of the American Sugar Refining Company who, with five subordinates is charged with conspiracy to defraud the government in underweights of sugar imports.

Spitzer, as superintendent of the company's Williamsburg (Brooklyn) docks, got two years in the Atlanta penitentiary for his participation in the frauds, but he was quietly pardoned by the President last Thursday after serving only three months and having made full confession, from now on he will aid the government in its attempt to convict his former associates.

Spitzer's story on the stand today did not directly connect Heike with the frauds but his confession resulted in one new arrest tonight. James O. Brzezinski, formerly an employe of the Treasury Department and now a private detective was locked in the tombs charged with perjury. Spitzer confessed that he attempted to bribe Brzezinski to conceal the frauds and the latter is alleged to have denied this before a Federal grand jury. This apparent conflict brought about Brzenzinski's arrest.

Spitzer told an amazing story on the stand today under direct examination and hurried from the court to the Federal grand jury room.

No promise of pardon brought about Spitzer's confession, say the Federal authorities. His conscience merely hurt him, it was explained but realizing the importance of his testimony and the legal obstacles likely to bar it were he a convict, action was taken to restore him to citizenship.

When convicted in February last Spitzer declared the "sugar trust" had made him the scape goat. "it pounded and ruined me after I had served faithfully for 29 years," he said then. Today he told how for years he had assisted in the alleged frauds.

Allen E. Hawxhurst, on being recalled to the stand at the opening of the afternoon session, said he had been an employe of the sugar trust for 18 years as an assistant cashier, working under Bendernagel. He corroberated Spitzer by referring to the payroll books and testified that Gerbracht ordered various raises in the pay of the government checkers. It has been testified to earlier in the trial that the government checkers got $3 extra par week over and above the sum noted on the pay envelope. Bendernagle some times ordered the advances testified the witness. This too, was in corroboration of Spitzer's testimony.

Andrew Mallon, also an employe in the cashier's office, was next called to the stand and testified to the same facts as related by the preceding witness.

BAD WRECK ON SOUTHERN

Injured 18 Passengers When Train Derailed in Virginia.

Washington, May 23.—Eighteen passengers were slightly injured in the wreck late today of a special train running as the second section of No. 10 on the Southern Railway near Cedar Run Bridge between Catlett and Calverton, Va. The engine and four passengers cars were derailed 200 yards from the bridge, the cause of the accident being a mystery. All the passengers were seriously shaken up and some were badly cut and bruised.

Among the injured were Hardy M. Edwards, Buffalo; H. G. Ashley, Mobile; Mrs. A. L. Shuller, Honesdale, Pa., Herbert A. Whiting, Boston; Jas. Clark, New York; Charles F. Smith, Buffalo; Mrs. S. C. Farandis, Seattle; J. P. Dimmick, Montgomery, Ala.; Mrs. G. E. Melius, Bridgeport, Conn.; S. F. Miller, Baltimore; Miss Marietta Walsh, New York City; Captain S. D. Buck, Baltimore; Mrs. William F. McAvoy, Baltimore; W. W. Tower, New York City; R. C. Hill, Buffalo; Mrs. I. S. Van Loan, New York; A. M. Dumler, Baltimore.

Physicians from Calverton, Warrenton and other nearby towns gave aid to the injured and all were brought to Washington on a special train arriving here tonight.

It appears that a mistake was made in sending to the Recorder's court the false pretense cases against Rev. T. H. Alston, the preacher-tailor, and they were remanded to the magistrate's court. Several false pretense cases against Alston will be investigated in Justice Harriss' court this morning at 10 o'clock. Alston thinks that his father, who lives at Siler City, will come to his rescue and pay up the amount alleged to be due the complainants. Alston says that he had no intention of defrauding those who placed with him orders for clothing If bound over the cases will go to Superior Court.

SEYLER ON TRIAL IN MURDER CASE

Alleged Slayer Jane Adams Faces Charge in New Jersey Court.

GIRL'S RELATIVES TESTIFY

Tells of Her Experience and Details of the Crime—Brother of Defendant Will Take the Stand Today.

Mays Landing, N. J., May 23.—Rapid progress was made today in the trial of William Seyler, the young married man accused of murdering Jane Adams on the million dollar pier in Atlantic City last February. A jury was chosen within an hour and twenty minutes after the prisoner was arraigned at the opening of court.

Prosecutor Goldenburg in his opening address said Jane Adams met her death defending her honor. The first witnesses called were the motorman and a policeman who found the girl's bruised body with the torn clothing frozen to it lying on the beach where it had been cast by the waves several days after the girl had disappeared.

Charles Adams, the girl's father, was then placed on the stand. He stated that on the night of February 4th Orvis, brother of the defendant came to his house and took Jane and her sister, Alice, out about 7 o'clock Alice later returned alone and said she left Jane on the pier with William Seyler.

Mrs. Adams went to Seyler's home but he disclaimed all knowledge of Jane's disappearance. Asked whether William Seyler ever came to his house to see Jane, Mr. Adams answered "no" decisively.

"Jane was 17 years old June 17th last," said Mr. Adams. "Orvis often came to the house to take her and Alice out."

Dr. Lewis R. Souders, county physician, who made the autopsy on the body of Jane Adams on direct examination said the autopsy had shown contusion of the head about the eyes and congestion of the lungs. There was no evidence that the girl had been attacked.

Mr. Gaskill, Seyler's counsel, raised the question whether the conditions described could have been caused by drowning to which Dr. Souder replied "I think not."

Dr. Emery Marvel, a surgical expert, testified that the bruise found on the girl's face must have been caused before death had ensued.

Alice Adams, the 15-year-old sister of the dead girl, told of visiting the pier with Jane and the two Seylers on the night her sister disappeared and of leaving her on the pier with William Seyler.

The dead girl's mother told of her search for her daughter on the night she disappeared and of swearing out a warrant for Seyler's arrest on the charge of abduction.

A signed statement given to the detectives of the prisoner when he was arrested in Petersburg, Va., was also in evidence by the prosecution. In it Seyler denied that he had been out of his home or seen the girl on the night in question.

The prosecution will continue the presentation of its case tomorrow when it is expected Orvis Seyler will be placed on the stand to give evidence against his brother.

FIRE ON MALLORY LINER.

Steamer Colorado Goes Into Key West, Fla., in Distress.

Key West, Fla., May 23.—At noon today the fire which was discovered yesterday afternoon in the lower amidships of the hold of the Mallory Liner Colorado, was extinguished and it is not believed that any serious damage was done to the ship or cargo.

The revenue cutter Forward and navy tug Massasoit went alongside as soon as the Colarod entered the harbor this morning, having been advised by wireless of the steamer's plight. The Colorado was grounded on middle ground bank, where the work of fighting the flames began in earnest. The Colorado was still aground tonight and the flooded hold is being pumped out of water, and not until this is done will it be known what the damage is.

The Forward and Massasoit left the Colorado's side before dark. No officer or agent of the line came ashore today and no details are known further than that the fire was discovered at 3 o'clock on Sunday afternoon while off the east coast. The Colorado was bound from New York to Galveston with a general cargo.

ARE PALS OF "RED" ADAMS.

Starkloff and Post, Alleged Swindlers, Arrested Yesterday.

Philadelphia, May 19.—Accused of having been associated with "Red" Adams in the notorious gold brick swindle by which several titled Europeans were defrauded of large sums of money, and of having used the mails to defraud many people in this country in a "green goods" game E. A. Starkloff and George W. Post were arrested here today by Postal Inspector Cortelyou and his assistants.

Adams was arrested last April in New York and is now serving a four and a half year sentence in the Atlanta Federal prison.

TWO BATTLESHIPS VOTED BY SENATE

Included in the Naval Appropriation Bill as Passed Yesterday.

BILL CARRIES $134,000,000

Two Fleet Colliers, Five Sub-Marines and Six Destroyers Will be Constructed—Long Debate on Battleship Question.

Washington, May 23.—Voting down 26 to 39 an amendment offered by Mr. Burton to authorize only one new battleship instead of two, the Senate today passed the naval appropriation bill.

The bill carries an appropriation of almost $134,000,000. It was before the Senate for two days, the debate being confined almost exclusively to the battleship question.

Two important amendments were adopted today. One of them offered by Senator Johnston appropriates $450,000 for the purchase of torpedo boats, "Whose vitals are below the normal load line;" the other by Senator Jones, eliminates railroad, county and municipal bonds from the securities which may be deposited by contractors.

The naval increase for the fiscal year ending June 30th, 1911, provided by the bill, is as follows:

Two first-class battleships to cost not exceeding $6,000,000 each. Two fleet colliers to cost not exceeding $1,000,000 each. Five sub-marine torpedo boats not exceeding a total of $2,500,000. Six torpedo boat destroyers to cost not exceeding $750,000 each.

The House bill provides for only four submarines and no torpedo boat destroyers. The Senate also added a provision that not more than one of the battleships should be built by the same company.

The provisions inserted in the House requiring that the battleships and fleet colliers should be built under the "eight hour law" was retained by the Senate.

Senator Depew, of New York, related some history concerning the Venezuelan episode of the first Cleveland administration.

"An intimate friend to me, who also was an intimate friend of Lord Salisbury, then the British prime minister, told me," he said, "that when the President's message was promulgated Lord Salisbury said to him 'I believe that on account of the rancor coming down from the Revolutionary war and accentuated by certain occurrences in the Civil war, America means to have a war with Great Britain at some time and I believe now is the best time, when America has no navy."

The views of the prime minister were overruled by Queen Victoria, but if Lord Salisbury had had the powers possessed by some of the English prime ministers, the issue certainly would have been tried out.

Mr. Depew used this incident to enforce an amendment in favor of a strong navy and for the present authorization of two new battleships of the Dreadnaugh type.

Mr. Owen confessed to a change of views on the question of navy increase. He said that last year he had given his vote for the naval programme, because of the President's representations of the possibility of foreign complications, but now, having reached the conclusion that war was next to impossible he had decided to vote for the Burton amendment. He proposed an amendment making an appropriation for the direct purpose of promoting international peace, but it was ruled out on a point of order.

Mr. Heyburn expressed the opinion that there should be a good increase of the navy until the completion of the Panama Canal.

The Democrats voting for two battleships were Clark (Arkansas) McEnery and Taylor.

OUTLINES.

naval appropriation bill including two battleships. The bill carries $134,000,000——The proposed appropriation of $250,000, which was recommended by President Taft in the sundry civil bill was stricken out of the measure yesterday——Former President Roosevelt in London is enjoying the quietest days thus far spent during his European tour——The Southern Presbyterian Assembly despite of protest, adopted a form to assure donors that their gifts will remain in that organization forever. The New York Presbytery will be tried for heresy at the Northern Presbyterian Assembly——Eighteen persons were injured in a wreck on the Southern Railroad between Catlett and Calverton, Va., yesterday——The trial of William Seyler, accused of the murder of Jane Adams, began in New Jersey yesterday.——New York markets: Money on call steady 3 and 3 1-2 per cent., ruling rate 3, closing bid 3 1-4, offered at 2. Now Facing Court Jury In Sugar Fraud Cases

METHODIST MISSIONS BOARD

Accepts Reports of Educational Committee and Elects Officers for Various Departments—Appoint Committee.

Asheville, N. C., May 23.—The Board of Missions of the Methodist Episcopal Church, South, composed of the College of Bishops, ten ministers, ten laymen and ten women, met today and accepted the report of the joint educational committee. Rev. E. F. Cook was elected secretary of the Foreign Mission Department; Rev. J. M. Moore, secretary of the Home Department, and Rev. E. H. Rawlings, secretary of the Educational Department, J. D. Hamilton, treasurer, and Mrs. J. B. Cobb and Mrs. R. W. McDonald, Miss Mabel Head and Mrs. A. L. Marshall were elected to positions under the new order of the merger of the missionary societies.

Immediately after the adjournment of the Missions Board, the College of Bishops met. Bishop Hoss resigned from the committee of Ecumencial Conference on account of his work in foreign fields. Bishop James Atkins was elected to fill the vacancy.

The following commission was appointed to codify the discipline of the church: Bishop Collins Denny, Dr. Gross Alexander and Hon. W. H. Talbot, of Maryland.

The following were appointed by the bishops as members of the Education Committee: J. O. Wilson, W. L. Webber, Thomas Carter, R. E. Blackwell, Andrew Stedd, J. N. Snyder, S. M. Hosmer, R. S. Hyar and J. A. Sharp.

Rev. J. E. McCullough was re-elected superintendent of the board of directors of the Methodist Training School in Nashville, Tenn.

The salary of the general secretaries was fixed at $3,600 and other secretaries at $3,000.

The salaries of the secretaries of the women council were fixed at $1,800 for foreign and home secretaries and $1,400 for educational and editorial secretaries.

It was decided to assess the annual conference $50,000 for home department work.

B. N. DUKE STILL ILL.

Condition Was Unchanged Last Night —Received Friends.

Raleigh, N. C., May 23.—The condition of Mr. Benjamin N. Duke, of Durham and New York, is unchanged tonight, though there is no reason that he has typhoid fever. The disease is not malignant, though his temperature has been very high. He has received a few friends from New York and there has been a swarm of telegrams to the family.

NO MONEY FOR TARIFF BOARD

House Killed Feature of Sundry Civil Bill for Appropriation of $250,000 —Was Recommended by President Taft.

Washington, May 23.—After prolonged debate the proposed $250,000 appropriation to defray the expenses of the tariff board, recommended by the President, was stricken from the sundry civil appropriation bill in the House today. This action resulted from a decision by Representative Mann, of Illinois, who was in the chair, sustaining a point of order by Mr. Fitzgerald, of New York, who contended that there was no law authorizing such an appropriation.

In order to meet the objection to the tariff board on the part of many Democrats and some Republicans, Mr. Tawney proposed another amendment which appropriated $250,000 practically for the same purpose, with the added provision that it was to enable the President to give to Congress information of the States of the Union and recommend to their consideration such measures as he shall judge necessary and expedient, etc.

Under this wording of the measure it is understood that the President shall send to Congress any information which may be collected under the proposed appropriation. By leaving out of the amendment all reference to the tariff board, which already exists, it was hoped that the provisions would come within the rules of the House and would not be subject to a point of order.

Representative Fitzgerald promptly made a point of order against the new amendment and pending his argument upon it the House adjourned until tomorrow.

GOTCH JOINS JEFFRIES.

Champion Wrestler Last to Join Staff of Trainers.

Ben Lomond, Cal., May 23.—Frank Gotch, champion wrestler of the world, will join J. J. Jeffries' staff of trainers not later than June 5th, according to telegraphic advices received from the wrestler today. He will be the last addition to the Jeffries camp.

After the strenuous Sunday experience in camp, Jeffries took life easy today. Early in the day the trout fishing lure became so strong that the fighter devoted the day to the beautiful San Lorenzo river. The only training was a spin on the road late in the morning.

It is now accepted by Jeffries and his followers that Tex Ricard will ref-

DIOCESAN COUNCIL DOWN TO BUSINESS

Two Long Sessions and Missionary Meeting Yesterday and Last Night.

ANNUAL ADDRESS OF BISHOP

Much Business of More or Less Importance Transacted Yesterday. Meetings Today—Women's Departments Met.

Yesterday and Sunday were busy days for the Council of the Diocese of East Carolina, the 27th annual meeting of which is being held with St. John's Episcopal Church, corner Third and Red Cross streets, with a large number of delegates in attendance. There was a considerably larger number of delegates in attendance at yesterday's sessions than at the organization meeting Saturday night.

The meetings Sunday were largely attended, the feature of the day being the annual address, at the evening service, of Rt. Rev. Robt. Strange, Bishop of the Diocese. The ladies in attendance upon the annual meetings of the different women's organizations of the church were in session in St. John's Parish House practically all day yesterday and the programme for today provides for equal activity. The Council selected Fayetteville as the next place of meeting.

After the Morning Prayer, by Revs. Lassiter and Duncan, the Council was called to order at 9:30 o'clock yesterday morning by Bishop Strange. The roll call showed that there were present three clergymen and 10 delegates who had not arrived Saturday night. Bishop Strange appointed Rev. Dr. Wm. H. Milton, rector of St. James' Church, this city, on the committee on Canons, vice Rev. Mr. Hughes, resigned. A large number of reports were then received, including that of the treasurer, Capt. Thos. D. Meares, of this city, a summary of which will be found below.

The report of the board of managers of the Thompson Orphanage, Charlotte, was read by Rev. Chas. N. Tyndall, of Fayetteville, and showed that 24 children were received into the orphanage during the year; 18 from the Diocese of North Carolina; four from East Carolina and two from the jurisdiction of Asheville; 19 were returned to their homes and one placed in a good home, leaving at present 60 children in the orphanage. The superintendent suggested that if the orphanage is to remain on the present site, $1,000 be invested in tenement houses, and a thorough system of drainage be instituted for the creek bottom. The committee for East Carolina again called attention to the great need of new buildings and urged every parish in the Diocese to do its utmost in effecting this imperative demand.

The committee appointed two years ago to consider suggestions made by Treasurer Meares at the Council of 1908, reported that it was not prepared to adopt or advise the adoption of any suggestions made. The committee advised, however, that the present Canon requiring quarterly remittances from parishes and missions be enforced. The committee, at its request, was discharged by the Bishop.

Rev. W. E. Cox, the very capable business manager of the Carolina Churchman, the official organ of the church in this State, made a very interesting report regarding the publication. Later on in the meeting a resolution was adopted expressing the Council's appreciation of the work of the editors and managers of the paper, and especially to the Rev. Mr. Cox, general business manager, whose indefatigable energy and splendid ability, has done so much to make possible the success of the publication.

Bishop Strange appointed the following as a committee to draw up a memorial to the memory of Rev. S. S. Barber, who was for 33 years in charge of churches in Hyde county; Revs. L. Eborn, N. Harding and B. R. Huske. The report was submitted during the morning and unanimously adopted

A resolution was adopted expressing the sincere regret of the Council that Mr. F. R. Rose was unable to be present on account of illness in his family, and extending to him fraternal greetings and deepest sympathy.

Mr. Thomas W. Blount made the report of the committee appointed at the last session to raise $4,000 for Diocesan missions and it showed that $3,005.38 had been raised, an increase of $1,363.73 over the previous year. The committee recommended that the same goal be set for this year, which was adopted.

The following resolution, offered by Rev. Dr. Milton, was adopted: "Resolved, That a special committee be appointed by the Bishop to take under consideration that portion of the treasurer's report which deals with a new system of apportionments and collections and report upon same as soon as possible during the present meeting of the Council." Bishop Strange named the following as the committee: Rev. Dr. Milton, Revs. J. B. Gibble, B. F. Huske and Messrs. Winstead, Schenck and Lamb. The committee reported at the afternoon session and the report, embodying practically all the suggestions made by the treasurer,

IN THE REALM OF SPORTS

SAILORS OPEN AT WILSON

Score Three to Two in Classy Game in Tobacco Town—Kelly the Kandy Kid on Mound for Wilmington—Special.

(Special Star Telegram.)

Wilson, N. C., May 23.—In a game that was classy, full of snap and ginger, the Sailor lads from Wilmington defeated the Tobacconists in the opening game of the Eastern Carolina League series here this afternoon, score three to two. The opening was with the usual elaborate ceremonies, brass bands, etc., a party of 100 Sailor fans and fannies having come along on a special train, returning tonight, to cheer their team on to the well-erned victory which they received.

There were 1,727 paid admissions into the grounds and the game opened in great shape with neither team able to send a man across the haven until the fourth inning. Wilmington came first to the bat with Doak out, pitcher to first, and Burke by the ether route. Brouthers then smashed out a scorcher to left for two bases and stole third while Carroll was in process of drawing a pass and with Hudson up Carroll purloined second, but Hudson was out, second to first. In her half Wilson started the run-getting. McGeehan hit to short, who fumbled; Urban then hit to pitcher, who likewise fumbled and both runners were safe; Kelly settled down and Schumann and Miller ethered in succession, but Armstrong was safe on Guerrants' bobble and wild throw, McGeehan crossing the pan; Clapp then ended the agony by fanning.

KUB KELLY WAS THERE WITH THE SLANTS.

The Sailors started the trouble for Wilson in the fifth after Kelly had flied out to right and Hyames had fanned. Guerrant was safe on error of Station 3 and stole second while Tydeman was getting ready to smash out a triple to rightfield, upon which Guerry crossed the rubber; then Doak lined one past third base for an extra cushion and Tydeman scored. Burke then hit a hot one to third and on wild throw Doak scored, Burke going to second. Brouthers fouled out to catcher. Westlake started Wilson's fifth with a hot one to right for an extra sack and Whalen batting for Kaiser, was tapped by a pitched ball, but was immediately retired at second by fielder's choice of Cowell's hit to Kelly; McGeehan fanned and Urban was out, short to first.

In the sixth Carroll walked and was sacrificed by Hudson, but Kelly fanned, and after Hyames had ambled, Guerrant was out, second to first. For Wilson Schuman drew transportation but was out trying second and Miller at first, unassisted; Armstrong singled to centre, but he too fell a victim to Hudson's unerring pegging, after Clapp was up.

TYDEMAN PUTTING THE WOOD TO 'ER IN THE FIFTH.

In the seventh Foreman, the either-arm wonder, was sent in to stem the tide for Wilson. Tydeman was out, second to first; Doak was safe on error of short, but was out on attempted steal; Burke ethered. For Wilson, Priest for Clapp flew to second; Westlake to centre and after Whalen had been presented with a cardboard, Foreman was out short to first.

The eighth found Brouthers out short to first, Carroll by the ether and Hudson second to first. McGeehan, for Wilson, was safe on error of third and stole second while Urban was drawing a pass; Schumann sacrificed each runner a base; Miller was out second to first, while McGeehan scored; Armstrong hit to third and was out at first.

The ninth session let Kelly out second to first; Hyames to deep centre and Guerrant to second. It was dangerous for Wilmington when Priest walked and was sacrificed by Westlake, Whalen hitting safely to pitcher and Priest going to third, but Foreman flew out to pitcher and Whalen was caught off second.

The Tabulated Score.

RAILROADERS THE WINNERS

"Every Known Variety" Attended Game at Goldsboro to See Home Team Defeated Three to One—Stoehr in the Box.

(Special Star Telegram.)

Goldsboro, N. C., May 23.—There was every known variety of baseball bugs in the large crowd that filled every bit of space in the grandstand and bleachers at Athletic Park this afternoon to witness the opening game and see what Goldsboro would do to the Rocky Mount bunch. It was at 4 o'clock that Umpire Davis called the game and amidst the applause of hundreds of spectators, the first game of the 1910 season was off. The score was three to one in favor of the visitors.

FALLS OUT OF RACE.

Only Four Boats in Long Distance Run to Havana.

Philadelphia, May 23.—The Loantaka, which was obliged to withdraw from the Philadelphia to Havana motor boat race, after breaking down four times on her way to the sea, came back to port this afternoon. Defective engines, which had not been properly tested caused the little craft to abandon the contest, according to the owner, H. S. Peters, of Dover, N. J.

The engines had just been installed, it is said, and should have had at least a two week's test before the boat was taken out for a long distance run.

The Loantaka was the largest of those entered in the race. All went well with the Loantaka until she was off Bombay Hook at 4:54 o'clock Saturday afternoon.

The messages from the merchants are always interesting—and usually affect the "state of your purse."

RALEIGH TAKES THE OPENING

Score Four to Two Against Highlanders at Fayetteville Yesterday Afternoon—Luyster Not Properly Supported.

(Special Star Telegram.)

Fayetteville, N. C., May 23.—Sixteen hundred people saw Fayetteville lose to Raleigh 4 to 2 in the opening game of the Eastern Carolina League today. Turner pitched a splendid game, but Luyster, with proper support, would have won out. Mullen's home run in the ninth and his magnificent throw to the plate, preventing a score, set the crowd wild.

JOHNSON WILL SEE BOXING.

Will Watch Jeffries in San Francisco Next Friday.

San Francisco, May 23.—Jack Johnson expects to be on hand to see Jim Jeffffries do his boxing in San Francisco next Friday night. The idea was put into the champion's mind by one of the trainers at his camp and although it was intended more as a joke than anything else, he decided it would be a good scheme.

The black fighter dropped back into the road work this morning. Bright and early he was on the park roads and before he had finished had covered the usual 12 miles.

At Chicago, 7; Philadelphia, 3.
At St. Louis, 1; Brooklyn, 2.

AMERICAN LEAGUE.

Philadelphia, May 23.—Detroit won today's game here by 4 to 3. The home team made a ninth inning rally which ended when Bender was thrown out trying to steal third base as Hauser fanned. The feature was Morarity's clever steal home in the second inning.

Detroit .. ..210 000 010—4 7 2
Philadelphia .. ..000 010 002—3 8 2

Donavan and Stanage; Bender and Lapp.

Boston, May 23.—Chicago defeated Boston 4 to 3 this afternoon after 15 innings when Walsh's single in the final session sent Tannehill scampering home with the winning run. Sharp fielding by both teams and the excellent work of the pitchers kept the score down. Hall weakened in the 15th inning while Walsh appeared stronger than ever. Speaker's single, a wild pitch, Wagner's scratch hit and Gardner's grounder allowing Speaker to score the tieing run in the ninth for Boston.

Chicago ...011 010 000 000 001—4 10 1
Boston ....100 001 001 000 000—3 8 3

Hall, Donohue and Carrigan; Walsh, Payne and Block.

Washington, May 23.—Walter Johnson struck out nine St. Louis batters and was a big puzzle. Washington winning easily 7 to 2. Graham was hit hard in the opening innings but Kinsella was better in the last four. Many fielding plays were made by both sides

You Can Have a Model Kitchen

as cool and white as a dairy. No smell, no smoke, no heat, no dust. No old-fashioned contrivances. The

New Perfection
WICK BLUE FLAME
Oil Cook-stove

is the latest practical, scientific cook-stove. It will cook the most elaborate dinner without heating the kitchen.

Boils, bakes, or roasts better than any range. Ready in a second. Extinguished in a second. Fitted with Cabinet Top, with collapsible rests, towel rack, and every up-to-date feature imaginable. You want it, because it will cook any dinner and not heat the room. No heat, no smell, no smoke, no coal to bring in, no ashes to carry out. It does away with the drudgery of cooking, and makes it a pleasure. Women with the light touch for pastry especially appreciate it, because they can immediately have a quick fire, simply by turning a handle. No half-hour preparation. It not only is less trouble than coal, but it costs less. Absolutely no smell, no smoke; and it doesn't heat the kitchen.

Cautionary Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

The nickel finish, with the turquoise blue of the enameled chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

COMMENCEMENTS AT RALEIGH

Exercises at Peace, Meredith and St. Mary's—North Carolina Good Roads—At State Normal. Charters Granted.

(Special Star Correspondence.)

Raleigh, N. C., May 23.—The events for today in connection with the commencement exercises of St. Mary's School, Meredith College and Peace Institute, Raleigh's three colleges for women, consisted of class day exercises this afternoon and an art reception tonight at Meredith College; class day exercises and art reception tonight at Peace Institute, and art exhibit and annual concert tonight at St. Mary's School.

The commencement season for each of these institutions is proving especially interesting and attracting many visitors from all parts of this and neighboring States. The church-goers of Raleigh were treated to three very able baccalaureate sermons Sunday. Rt. Rev. Beverly Tucker, D. D., bishop of the Diocese of Eastern Virginia, delivered the sermon for St. Mary's commencement, giving a forceful presentation of the overshadowing predominance of the personality of Christ in the Christian Religion and an appeal for the fullest exercise of faith in Christ. For Peace Institute Dr. B. W. Mebane, at the First Presbyterian church, discoursed on the surpassing value of the soul as compared with any temporal aggrandizement, and at the First Baptist church the theme of Dr. O. P. Gifford, of Brookline, Mass., for the Meredith College baccalaureate, was the necessity and efficacy of prayer. Sunday night Rev. S. W. Melton, D. D., of Norfolk, in a missionary sermon for the graduates of Meredith College presented the importance of missionary effort from the viewpoints of religion, society and commerce and emphasized the vast power the women of the land have in quickening missionary effort. Twenty-eight young ladies will be graduated from Meredith tomorrow; 19 from St. Mary's and 14 from Peace Institute Wednesday.

Announcement is made that a committee on legislation and publicity for the North Carolina Good Roads Association has been appointed consisting of H. B. Varner, chairman; M. L. Shipman, C. E. Foy, Dr. C. P. Ambler, Thomas A. Cox, R. W. Vincent, Howell Cobb, Leonard Tufts and W. S. Fallis.

Governor Kitchin and State Superintendent of Public Instruction Joyner have gone to Greensboro for the commencements exercises of the State Normal. The Governor will present copies of the constitution of the United States and of North Carolina to the young ladies of the graduating class in accordance with a custom observed ever since the college was founded. It is an interesting fact that while the State Normal presents copies of the constitution to each graduate the young men finishing at the University of North Carolina each receive special copies of the Holy Bible.

A charter was granted today for the Eastern Garment Manufacturing and Mercantile Co., Rocky Mount, capital $50,000 by Jones Smith and others Another charters is for the Lumberton Opera Co., capital $25,000, by H. M. McAllister and others. The Cook-Lewis Foundry Co., increases capital from $25,000 to $50,000, A. R. Lewis being president.

The United State District court convened today for a three weeks term, the calendar for which comprises something like 200 cases. Among the criminal cases are charges of violation of postal laws in writing obscene letters, embezzlement of funds by rural carriers and others and a great number of blockading cases and other charges of violation of the revenue laws. There are suits against the Norfolk & Western and the Seaboard Air Line charging violation of the United States Safety Appliance Act. These have been pending for quite a while and will probably be put on trial this term.

Isaac Dortch, of Goldsboro, is very ill here and it is now believed that he will not live through the night. He has been with relatives here for several weeks.

ROCKY POINT DOINGS.

Fine Rain Yesterday— Notes of Trucking—Other Items.

(Special Star Correspondence.)

Rocky Point, N. C., May 23.—A fine rain fell this P. M. in Holly, Long Creek, and Rocky Point townships. Setting out potato slips will be the order of the day. Large shipments of Irish potatoes and beans will go off Tuesday. The yield is not good owing to bad stands and continued drought. There will be some increase in acreage of cotton this season. Quite a few berries were plowed up and planted in cotton, corn and peanuts. The latter crop is yet being planted. A few huckleberries are coming in. The growing corn crop looks well; "laying by" time has come. Cucumbers and melons will be late. Mr. J. E. Deal, of R. F. D. No. 1, has ripe peaches. Dewberries are ripe, the "kids" have black teeth eating pies and puddings.

Messrs. Grady and Weeks are surveying for another large urban lot sale the 30th to whites only. This is extremely valuable property on the highway from Wilmington to Raleigh, the old stage road, that will be made a rock road as soon as bridge across Northeast river is completed. Our people are alive to better roads and the improvement of naturally the best soil in North Carolina.

Mr. J. R. Phillips, of S. B. Downes & Co., will ship to his house two solid cars of beans and one of potatoes. Large growers state potatoes are not more than one-third crop; beans not over half.——Miss Carrie Newkirk, of Wilmington, visited Mrs. J. E. Durham yesterday.——The air feels cool, clear and calm since the rain. All the comet's dust done washed out and gone.

A Man Wants to Die

only when a lazy liver and sluggish bowels cause frightful despondency. But Dr. King's New Life Pills expel poisons from the system; bring hope and courage; cure all Liver, Stomach and Kidney troubles; impart health and vigor to the weak, nervous and ailing. 25c at Robert R. Bellamy's.

POLICEMAN BADLY SMASHED

Rocky Mount Officer Cut Across Face and Stabbed in Shoulder by Drunken White Man Sunday Night —Now in the Lock-up.

(Special Star Correspondence.)

Rocky Mount, N. C., May 23.—Severely slashed about the left side of his face, a stab in his shoulder and a long cut on his left arm, Policeman W. P. Herrington lies in a serious condition at his home on Sunset avenue, as the result of an arrest made last night and a later resisting by Mr. A. S. Taylor, a young man of this city. Mr. Taylor is held in the lock-up of the city, without bail awaiting the outcome of the injuries to the police man. The affair happened near South Rocky Mount last night shortly before midnight.

Last night two residents of a questionable district in the southern part of the city appealed to the police for protection saying that Mr. Taylor had already beaten a woman severely and that he continued to give trouble. A warrant was issued for the arrest of the man and given to Policeman Harrington to serve. He went to the scene and when he arrived at the place the prisoner drew his pistol on the policeman and would have shot him had not a bystander knocked the pistol out of his hand. The man was overpowered and placed in the buggy and with two men standing on the rear axle, and the policeman and the prisoner in the seat they started for the city. The policeman having taken the pistol from the man, and with one arm in the grasp of the nippers, he had little apprehension of further trouble. However just before the Relief Hospital at South Rocky Mount was reached the prisoner, swiped out a knife, and with one hand still being held by the policeman, he manged to give the officer two severe cuts on the side of the face, that extended to his throat. A stab in his shoulder and a slashed arm. The policman struck the man several blows across the head with his blackjack but this did not quiet him, and the two men standing up behind the buggy overpowered him and took the knife away. It was impossible, owing to the cramped position, for the officer to bring his pistol into play.

The man who did the cutting is about 24 years old and he lives with his parents on South Church street. Until recently he has been employed at the Atlantic Coast Line shops at South Rocky Mount. He has not borne the best of a reputation, and on yesterday he imbibed too freely and proceeded to make trouble at the place named, and was in a very drunken condition last night when he cut the officer.

MR. J. B. WEATHERLY DEAD.

Well Known Merchant of Maxton, N. C., Passed Away Last Night.

A private telegram received in the city bears the sad news of the death of Mr. James B. Weatherly, a leading merchant and business man of Maxton, which occurred last night at 10 o'clock, following an operation for cancer of the stomach at 4 o'clock yesterday afternoon. Mr. Weatherly was about 50 years of age and for many years had been a well known business man of Maxton. He is survived by his wife and four children, Messrs. Joe and Ernest Weatherly, Mrs. D. McIver and a young son, all of Maxton. The bereaved ones have the sympathy of many friends throughout this section of the State. The deceased was a brother-in-law of Mrs. John W. Plummer, of this city, and she and Capt. Plummer will go up on the early morning train today to attend the funeral. Dr. J. A. Smith, of this city, a warm personal friend of the deceased, went up to see Mr. Weatherly professionally on Sunday, returning, however, before the operation and subsequent death.

EDUCATIONAL RALLY.

Citizens of Scotland to Gather Near Spring Hill.

Maxton, May 21.—The citizens of Scotland county, near Spring Hill and Wagram whose ancestors for almost a hundred years maintained a first class neighborhood academy, are to have an educational rally on the 27th of this month at Spring Hill church in the interest of a State High School.

Prominent speakers are expected Among them, Superintendent Joyner, Hon. Franklin McNeill, Rev. Livingston Johnson, Major J. D. Shaw and Mr. R. A. Johnson. To all but Dr. Joyner it will be a home-coming to the speakers, as these gentlemen received their academic training on this historic ground.

From the church can be seen the marble shaft that marks the grave of John Charles McNeill.

Dinner will be served, and the public, especially those interested in education, will be most welcome.

WHEN HER BACK ACHES,

A Woman Finds All Her Energy and Ambition Slipped Away.

Wilmington women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Wilmington woman's words:

Mrs. Laura E. Hand, 809 Ann St., Wilmington, N. C., says: "I am willing to recommend Doan's Kidney Pills as they did me a world of good. I suffered from dull, nagging backaches and had such severe pains across my loins that I was prevented from sleeping well. The kidney secretions also caused me annoyance. When I saw Doan's Kidney Pills advertised, I procured a box from Robert R. Bellamy's Drug Store and they did me more good than any other remedy I had ever taken. The backache ceased, my kidneys became normal and I could go to bed and obtain a full night's rest."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

DR. L. HUSSEY DEAD.

Highly Esteemed Citizen of Duplin Passed Away Sunday Night.

(Special Star Correspondence.)

Warsaw, N. C., May 23.—Dr. L. Hussey, the oldest and most prominent physician in Duplin county, died here last night at 11 o'clock after a short illness which was, in fact, a general breakdown due to his advanced age.

Dr. Hussey was born in Onslow county July 6th, 1831, and was, therefore, nearly 79 years old. He is survived by his wife and the following children: Mr. Jno. L. Hussey, Atlanta, Ga.; Mr. Chas. E. Hussey, Chinquipin, N. C.; Mrs. W. E. Aaron, Mt. Olive, N. C.; Messrs. N. and Edwin D. Hussey, Charlotte; Mrs. J. D. Mallard, Jacksonville, Fla.; Mrs. J. H. Newbury, Mr. E. Hussey and Misses Louise and Sadie Hussey, of Warsaw. A daughter, Mrs. Emma Whitaker, of Jacksonville, Fla., passed to her reward last November.

In the death of Dr. Hussey the family losses a devoted father and the community a most useful citizen. He was a splendid type of the true Southern gentleman, loved, honored, and respected by all who knew him. He lived above the petty strifes so often seen in a community, never mixing by word or deed in anything small or common. His name is a household word in Warsaw and vicinity. His skill as a physician, the wisdom of his counsel, and his charity to all won for him a wide circle of friends by whom he will be sorely missed. His remains were borne to their last resting place this afternoon and buried with Masonic rites in the midst of a vast concourse of relatives and friends

The cost of a Business Local is a small fee to pay for securing a good tenant.

"WAY DOWN SOUTH IN THE LAND OF COTTON."

The South may well lay claim to the title "Land of Cotton." In the southern part of the United States nearly fourteen million bales of Cotton are produced each year, out of a total world crop of twenty million bales.

The production of Cotton Seed Oil shows even a larger percentage in favor of the South, as methods of extracting and crushing the seed, and refining the oil, have been brought to a perfection not attained in other lands.

Considerable Cotton Seed Oil goes into the manufacture of Cottolene, a vegetable oil cooking fat which is winning favor not only on its merits as a frying and shortening medium but because of its purity and wholesomeness.

Lard is in origin, unpleasing; in method of manufacture uncertain and often uncleanly. Cottolene is as clean and wholesome and genuine as the far famed hospitality of the "Sunny South."

HOW TO CURE RHEUMATISM.

It Is an Internal Disease and Requires an Internal Remedy.

The cause of rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. Rubbing with oils and liniments will not cure, affords only temporary relief at best, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure rheumatism than paint will change the fibre of rotten wood.

Science has at last discovered a perfect and complete cure, which is called "Rheumacide." Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide "gets at the joints from the inside," sweeps the poisons out of the system, tones up the system, regulates the liver and kidneys and makes you feel well all over. Rheumacide "strikes the root of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50c and $1 a bottle. In Tablet form at 25c and 50c a package. Get a bottle today. Booklet free if you write to Bobbitt Chemical Co, Baltimore, Md.

For Sale by R. R. Bellamy.

S. S. S. UNEQUALED FOR BAD BLOOD

Normal, healthy blood contains millions of tiny red corpuscles, which are the vitalizing and nourishing element of the circulation. These corpuscles are constantly forming in healthy systems by the extraction of nutriment from food eaten, and this nourishment is then supplied through the circulation to every portion of the system. Any system which does not receive the proper amount of blood nourishment is not prepared to withstand the countless disorders that assail it. Bad blood can not nourish the body, the circulation must be pure, rich and strong if we would enjoy good health. Bad blood manifests itself in various ways. With some it takes the form of skin diseases and eruptions, others become bilious and malarious, with sallow complexions, torpid liver, etc. If the germs and impurities in the blood are of a more virulent nature then bad blood becomes more serious and produces Rheumatism, Catarrh, Sores and Ulcers, and like troubles. Nothing equals S. S. S. for bad blood. It is Nature's own blood purifier, made from roots, herbs and barks. It goes into the circulation and removes every impurity or poison, strengthens and enriches the blood, and in this way supplies the body with the proper amount of nourishment to maintain good health. S. S. S. is likewise the finest of all tonics and while purifying the blood builds up every portion of the system. S. S. S. cures every ailment coming from bad blood, and it does so simply because it purifies the circulation. Book on the blood sent free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.

DAVID'S

Graduation

Graduation is something that doesn't happen to a fellow very many times; it's an occasion when a boy or a man wants to look and feel his best.

As the time of your graduation draws near, you will probably think of having new clothes to wear on that occasion; and we want you in that connection to think of this store. We have

Hart Schaffner & Marx

clothes here; the styles which college men are wearing; the all-wool fabrics and fine tailoring in these clothes are points of excellence which you don't get in most clothes you see. We'll fit you perfectly, you'll look and feel like a winner in such clothes.

We have also the other good things to wear which young men want; new patterns and weaves in shirts; the best underwear, and hats made; a great line of fine neckwear; whatever you need now or at any time is here; and we're here to serve you. Come in and look around.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY (Inc.) Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

The MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.25 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Tuesday, May 24 ,1910.

Inasmuch as Halley's comet has lost its tail, it has now become the butt of the wags.

The imaginative man jumps at conclusions but the understanding man lays hold of them.

When a nominee gets elected he is satisfied that plenty of good men came to the aid of their party.

Tip Wright, the sporting man, says Jeffries will knock the socks off Johnson. This is the Wright tip whether it is the right tip or not.

The Supreme Court of Alabama decides that it is not lawful for a man even to loan whiskey. Another blow for the ultimate consumer.

Patriotism can be more completely appreciated by the Congressmen who get elected under the plea that they are going to save the country.

At Tampa, Fla., on Sunday fire destroyed a $4,000,000 cigar factory. This will not in the least cut off the usual supply of punckderos, de los cab bageros.

A mere politician leans on the people for support till he gets to the point where he commits himself to be adopted as an orphan by the Special interests.

The editorial page of the Charleston News and Courier assumes a serious tone on Sundays. The festive paragrapher ceases his quips and flings and the religious editor takes his place.

The Republican party has gotten out a political handbook for the campaign. The money had better been spent in constructing a storm cellar with room enough for the G. O. P. elephant to squeeze into, so he can save his hide.

The heavens contain a bad omen for the G. O. P. elephant. What Halley's comet lost on this pilgrimage across the sky, The Republican animal is pretty apt to have clipped at the November election. Think of an elephant with no more steering gear than a goat.

In the recent election at Denver, Colorado, a woman was elected election commissioner, having received more votes than all of her seven male competitors combined. This is sufficient warning to male politicians that there is danger ahead in suffragetteism.

Southern Cotton Seed Crushers' Association will hold its annual convention at Little Rock, Ark., May 24th, 25th and 26th. It is probable that next year's convention will be held further east. It ought to be held at the South's great Summer resort, Wrightsville Beach.

The husband of the former Miss Alice Roosevelt, otherwise known as the Hon. Nick Longworth, has been renominated for Congress by the Republicans of the First Congressional District of Ohio. He praises the Aldrich tariff. He must have gotten a foul tip from the coming Nimrod, who will reach New York in a few days from his African hunt.

An Alabama man, with his mind wrought up over the proximity of Halley's comet made four attempts to commit suicide. He first shot himself and failed to make good. He then jumped from a roof, fell on his head, knocked out several teeth and sustained other injuries. He then cut his throat and jumped into a well. He ought to be ashamed of himself for cutting up more capers than an insignificant comet that is performing a stellar role with no tail so as you can notice it.

THE VALUE OF LOW LANDS.

The average man does not stop to consider the value of our tidal lands, swamp lands and bottom lands, or rather the possibilities of their value dependent upon their proper drainage. These are our richest and most productive lands and they have no equal anywhere on the globe. There are thousands of acres of such lands in eastern North Carolina, which, if drained and put in proper condition, would be immensely more productive than the lands which we are attempting to cultivate. The value of such lands is, therefore, much greater than the value of uplands.

Immense areas of wet lands upon which we place little or no value will some day be the most valuable lands in eastern North Carolina. Tracts which appear to be worthless and apparently not capable of drainage, are as a matter of fact susceptible of being brought under cultivation through the aid of a drainage engineer with his science and by means of modern machinery for draining and ditching according to the latest metnods. A systematic plan of drainage must first be adopted and the work executed in a manner that will ensure its permanency. There will then be added to our agricultural domain lands equally as fertile as can be found in the delta of the river Nile.

It is the cost of drainage that staggers our people, because no one man can hope to undertake an extensive system of drainage by himself unless he is a man of large capital. Many land owners and neighborhoods can settle the problem by co-operation or by availing themselves of the North Carolina drainage law which establishes drainage districts and authorizes the issue of bonds in cases where private individuals are not in a position to stand the expense of any expensive or elaborate system of drainage. The drainage law meets the situation admirably and no doubt will be worth a great deal in our tidal and swamp country.

From an editorial in the Star on Sunday it will be learned that experts from the United States Agricultural Department now making a survey near Wilmington, ascertained that lands now practically valueless can be drained at a cost of $35 per acre and thus brought up to a value of $100 or more per acre. The instance cited involves the drainage of about 150 acres of alluvial tidal lands and the cost of bringing that tract under cultivation would be about $5,000, an expenditure which would make the lands worth $15,000. It will be seen that this would constitute a good investment, but it is not every man who owns tidal or swamp lands who is financially able to undertake their drainage, so the plan of issuing bonds by drainage districts would enable land owners to become borrowers for a long term and at a low rate of interest.

We are satisfied that the drainage law will reclaim thousands of acres of lands capable of vast production, but while this article is not aimed at emphasizing the utility and importance of our drainage law, it is the purpose to call the attenton of those with capital to the fact that they can invest in such lands in North Carolina with a better showing for big gains than they can find in other opportunities almost anywhere in the United States. Here is something for the earnest consideration of men who have capital and want to invest it in a sure thing. Its surety is vouched for by government experts who will make the estimates before a purchase is made or previous to any drainage undertaken.

An investment of $5,000 for drainage with a resultant value of $15,000, as demonstrated in the survey of the lands of Mr. Joseph D. Smith, near Wilmington, ought to satisfy investors that tidal and swamp lands offer splendid opportunities for the investment of idle capital. Individuals who can operate by themselves or organize companies to purchase lands, drain them, and settle them, as is proposed by the Northern capitalists who are contemplating the purchase of Angola Bay in Pender county, will find something in eastern North Carolina worth their serious attention.

In throwing out a hint of the possibility in the value of reclaimed lands where there is plenty of water, we must not overlook the fact that while drainage will make lands available, the opportunity for economical irrigation is at the same time accomplished. While the rainfall in Eastern North Carolina is well distributed throughout every month in the year, irrigation is not so much a problem, but its advantages must be admitted. The fact remains that the advantages and facilities for irrigation add all the more to the possible values of lands which can be irriagted by the same means which drain them. The provision against possible drought, a rare condition in eastern North Carolina, is right at hand in the utilization of the canals, ditches and dykes which serve for drainage.

Drainage systems in eastern North Carolina are immensely cheaper in construction than irrigation schemes in the Western States, besides at one operation we get both drainage and irrigation in North Carolina for rich lands close to the Northern markets which supply 30,000,000 of people. Our lands are already fertile, rainfall is abundant and the simple matter of drainage is all that is necessary to reclaim lands far more valuable in fertility and locality than are the arid lands of any far away Western State.

A COMMERCIAL SECRETARY.

Charleston, S. C. has waked up to the necessity of having a "Commercial Secretary," whose duties shall be to officially and exclusively pull for Charleston. He will be a newspaper man who knows how and who is expected to systematically boost and advertise Charleston and the region round about. Live communities now regard a well equipped press agent as a necessity, because the growing commercial and industrial centres have proven that he is a good asset. So many municipal press agents have made good that their employment is not an experiment but a practical business proposition.

The Charleston people appear to be intensely earnest and are engaging in a campaign by which it is proposed to give the widest and most effective publicity to the advantages and possibilities of the South Carolina city. Realizing the fact that a commercial secretary must have back of him a live commercial body and sufficient money to do booster work that will count, the first effort being made is to reorganize the Charleston Chamber of Commerce and get into it every man who wants to see the city grow and develop into an industrial centre and increase its commercial importance. In order to have a greater Chamber of Commerce a campaign for enlisting members is going on in a spirited way. This is "enlistment week" in Charleston and the result will be watched with interest.

When we see Charleston taking an active step like that instead of indulging in inactive talk, it looks like there is something doing. The Wilmington Chamber of Commerce has done and is doing a splendid work for Wilmington and the citizens of Wilmington to a man ought to join that organization or become a member of Mr. Evans' "Commercial Club," a subsidiary of the Chamber, specially organized to consider and promote all the substantial interests and possibilities of the city. This is a work which should not fall upon the shoulders of a few of the more public spirited citizens but every Wilmingtonian, old and young, should join heartily in the movement and take some of the burden on themselves and share in the good work that is being done for their city. No man should allow any other man to be more of a live wire than he is, and no man ought to let any other man do more for his town than he can do himself. The inactive outsiders should get in the game.

The Hon. S. S. McNinch, elected Mayor of Charlotte twice by Democrats was recently nominated for Congress by the Republicans of the Ninth District. He did not accept at once but said he "must give it serious consideration." The Charlotte Observer on yesterday announced that Mr. McNinch has accepted. His reflections over the matter revealed to him a "Roosevelt Democrat" who had actually turned into a Republican. This is clear enough demonstration of the fact that when a Democrat takes Republicanism in small doses he won't mind "going the whole hog." It's easy.

General Estrada on Saturday sent out this message from Bluefields, Nicaragua: "Have enemy completely surrounded and cut off from ammunition and provision." That's no sign of a victory. The Democrats have several times been confident that they had the Republican party in the same fix, but invariably it was able to shell the woods with its campaign fund and beat us to the provisions.

President Taft is so clever that he approved Ballinger and Pinchot, endorsed the tariff that was the opposite of what he promised during the campaign and he said a good word for his railroad bill after it has been disfigured by Congress. It is time for Dr. Cook to come in out of the woods, submit his North Pole proof and get the Taft smile along with the balance of the crowd.

The cometic and astronomical cartoonist should meet and howl down Halley's comet. It has failed to show any appendage that will in any particular equal the tell tale pictures which have been palmed off on an unsuspecting and badly frightened Earth. The comet has the laugh on the cartoonists.

CURRENT COMMENT.

All honor to Clint Wagner, of Statesville, who refuses to take the postoffice from a life-long friend or be bought by the gift of a Federal office. Its a great pity that there are not many more of his kind in the party.—Mount Airy Leader. (Rep.)

S. S. McNinch, formerly a Democratic mayor of Charlotte, who has been nominated for Congress by the Republicans of his district, does not know whether he will run or not, but "must give it serious consideration." Doubtless almost any mirror would show Mr. McNinch so comical a caricature of a Democrat that it would pass for a Republican.—Columbia State.

Mr. S. S. McNinch, who received and has now accepted the Republican nomination for Congress in this, the ninth district, after two recent elections as mayor of Charlotte and still more recent change in political affiliations, does his new party credit. No one will question that he is a good citizen and good business man. We should not be displeased to see him make at least as good a showing as his predecessor, who lost by three thousand maojrity, did two years ago, —Charlotte Observer, May 23.

It is unfair and unjust legislation in behalf of the "criminally rich" that has done much to increase the anarchist brood in this country, and when a man who holds the eminent position of speaker of the lower House of the lawmaking body of the nation says that shooting is too gentlemanly a fate for some Republicans—meaning those, of course, who refuse to do the bidding of Cannon and his coteries of jugglers with legislation—the anarchists are emoboldened to carry out their plans of assassinating those high up in governmental affairs, because the thing has been suggested by one of these "high up" fellows himself.—Owensboro (Ky.) Inquirer.

For a long time the need of a non-collapsible train has been recognized by the various railroad companies and by the Federal ogvernment, but the first all-steel train made up of non-collapsible cars will be the one which the Pennsylvania Railroad will soon put in operation. This great system announced some time ago that all its cars of the future would be made of steel, and it now has some 630 all-steel coaches and is about to initiate the new and much safer train. Other railroad companies are preparing to follow suit. In planning for this train the company has endeavored to build a coach which will provide the greatest possible strength, a steel framing which cannot be effected by fire, an inside lining which will be non-combustible, and at the same time one which will not conduct heat or sound. —The Pathfinder.

The land and industrial department of the Southern Railway has just issued a textile directory which shows the following interesting facts: "Number of textile mills along the roads on January 1, last, numbered 758, and they contained 188,723 looms and 8,277,866 spindles. Of these plants 595 were cotton mills, 45 woolen mills and 121 knitting mills. The cotton mills in the different States are as follows: North Carolina, 244, with 41,903 looms and 2,215,751 spindles; South Carolina 156, with 86,846 looms and 3,441,724 spindles; Georgia 88, with 28,337 looms and 1,206,289 spindles; Alabama 49, with 12,534 looms and 617,300 spindles; Virginia 18, with 8,921 looms and 251,418 spindles; Tennessee 21, with 3,098 looms and 161,930 spindles; Mississippi 13, with 2,209 looms and 75,060 spindles; Indiana 4, with 1,824 looms and 75,628 spindles, and Kentucky 3, with 25,434 spindles. At the beginning of this year there were under construction 17 new mills, and since that date a number of others have been started."—Charlotte News.

Have you ever looked in the bottom of your cup when you have finished drinking your coffee or tea, or in the bottom of your neighbor's cup? If you have, you have seen a lot of wasted sugar or sand. The average American is in too great a hurry to wait for sugar or anything else to dissolve. The result is that he puts about twice as much sugar as necessary in his coffee, tea or lemonade. The resulting waste is enormous. It is estimated that Americans throw away at least ten million dollars a year by not stirring. We suggest that the economists call attention to this grave fault and begin a campaign of education, that we may become a nation of stirrers. It will be a good way of getting back at the sugar trust. It will make board cheaper, or, at least, will enable those who take boarders to make more money. It has been suggested that as time is more precious than sugar careful housewives dissolve the sugar in water ahead of time, making a syrup to be used for sweetening purposes. That seems to be a good plan, only we are sure Mr. Fletcher will agree with us in standing out for more stirring on the ground that a longer time at table would be a fine thing for the digestions of most of us. That, however, is largely a question of taste. The point is to keep on stirring; in sweetening a drink or in promoting the industrial welfare of a community.—Charleston News and Courier.

The good fortune of the Democratic party for the time is in the concentration of the American mind on the tariff and Congressman Champ Clark, in his speech Saturday, revealed excellent skill and judgment in saying nothing that would distract attention from it. The Republican majority in Congress has had plenty of rope and is duly enagged in hanging itself. It seems to be aware of the process. The "wild, whirling words", of Speaker Cannon at the dinner of the National Association of Manufacturers, denunciatory of all men and all things out of sympathy with the standpatters, and the fretful defense by Congressman Payne of his sorely berated law, fully discloses their unhappiness. They are not parrying the blows of Mr. Clark, they are replying to the angry murmuring of the people—that is why they can not conceal a harrassed look. Mr. Clark understands. Driven to defend their law the Republicans are told by the Democratic leader in blunt terms where it is fatally weak. With admirable dexterity the Missourian focussed the light on Mr. Taft's two irreconcilable opinions of the law expressed August 5 and September 17, and left them to adjust their self-contrived difficulties. The people are up in arms against the Payne-Aldrich tariff and they are resolved to destroy it. They need no direction in their fight, they require no spurring. It is the field of Bosworth again and the Democratic leader takes the roles of the several ghosts on the eve of that conflict. Mr. Cannon and Mr. Payne must have felt the disheartening influence of his words.—Columbia State.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials

BLIND MUSICIAN IN TROUBLE.

Wanted at Monroe, Arrested in Henderson—Worthless Checks.

(Special Star Correspondence.)

Monroe, May 23.—The case of J. M. Massey, the blind music teacher of Monroe, is exciting much interest throughout this section of the country. Massey has defrauded people in Union, Anson and Mecklenburg, and it is expected that his bogus checks have not yet all been heard from. His plan of operation is to have an accomplice draw a check dated ahead of time, on some bank of this section, and forge some fictitious name. Massey would then proceed to have the check cashed. So far, seven of those fake checks have been protested, and the endorsers are kicking. The checks were all dated within two weeks of each other, and about ten days ago, the time when he knew the first one would be protested, Massey skipped out for Virginia. Chief of Police Laney, of Monroe, has traced him by letter throughout Virginia, and has finally located him at Henderson, N. C., where he is in jail in default of $50 bond. Chief Laney has wired the Henderson authorities to send Massey to Monroe as soon as he is tried there. The Chief of Police stated that he had seen seven of Massey's checks which have been protested. These checks are for amounts varying from $20 to $35, and are dated from May 1st on. Mr. Laney stated also that another worthless order was cashed by Massey in Raleigh, and that the biggest check of all that Massey is known to have drawn, for $125, has not yet been heard from.

Massey is said to be a good musician. He came to Monroe several years ago, and engaged in the business of touring the country and giving musical entertainments and recitals. He is known as "Proffessor" Massey. Chief Laney said that since he has been chief of police, he has received no less than fifty letters from three States, complaining that Massey had "done" the writers. From some he had obtained money, from others he had taken violins and what not, pretending to make repairs.

BAD STORM AT ROCKINGHAM.

Residence Blown From Its Foundation and Many Trees Uprooted.

(Special to Charlotte Observer.)

Rockingham, May 21.—A terrific wind and hail storm passed over this place yesterday afternoon, and much damage was done in sections of the town. The storm was especially severe on what is known as Watson Heights, just across the railroad. A large plate glass in the front door of Mr. H. C. Watson's residence was shattered by a porch swing being blown against it. Further on several large trees were shorn of their limbs and many fruit trees on A. W. Porter's place were blown down. The home of Green Leak, colored, was blown from its foundations and turned almost over. Leak's wife and child were in the house at the time, but were not hurt. The belt on the large engine in the power plant was struck by lightning and a hole torn through it. On Main street a tall elm was uprooted and thrown across the electric wires. This necessitated shutting down the large engine. On account of darkness coming on it was necessary to stop traffic on Main street for one block. It is thought that the storm was even more severe south of town, as it came from that direction. As usual, the comet is blamed for this visitation.

NEGRO MAKES DARING ESCAPE

Lawrence Crawford, Col., Gained His Freedom Yesterday Morning by Crawling Through Ceiling of the Jail.

Lawrence Crawford, colored, 39 years old, one of the worst criminals with which the police and county officers have had to deal in a long time, made his escape yesterday morning about 10:30 o'clock from the county jail, where he had been confined since March 13th awaiting trial in Superior Court on the charge of storebreaking, being charged with breaking into the store of Mr. C. D. Gilbert and stealing nearly $200 worth of hides.

Although the police and county officers made a thorough search during the day and last night, the negro had not been recaptured at a late hour last night. Sheriff S. P. Cowan has offered a reward of $15 for the recapture of Crawford. Lawrence made his escape in a most daring manner. When Jailor J. M. Branch left the jail yesterday morning at 10 o'clock with two prisoners for the Recorder's court, Lawrence was in the corridor of the first floor, washing out an old shirt, having just taken a bath and put on a clean shirt in the place of the soiled one. Shortly after the jailer left, Lawrence threw the old shirt on the floor, where it was still lying yesterday afternoon, took several pieces of rope from some hammocks that were hanging in the corridor, tied them together, and supplemented this with blankets, which he tore into strips. After securedly tieing together the pieces of rope and blanket strips, so as to make it sufficient in length to reach from the roof of the building to the ground, the negro went to the second floor, near the stairway, tore a hole in the overhead ceiling where two sections of sheet iron were joined together. By stepping on the banisters of the stairway, with his hands resting on the top of a cell adjoining, the negro was enabled to crawl through the aperture in the ceiling. Between the ceiling and the roof there is a clear space of from five to six feet or more and in the roof there are several ventilation holes, sufficient in size for a person to pass through. After getting to the roof Lawrence tied one end of the improvised rope to the roof and lowered the other end. He then descended very rapidly and though he was seen making the descent it was impossible to communicate with the officers in time to prevent the get-away. He moved off very rapidly, after once getting on the ground, and he may be running yet.

Lawrence is an exceptionally daring negro. It will be recalled that while being brought here from Goldsboro, where he was arrested on a warrant from this city charging him with breaking into the store of Mr. Gilbert, he jumped from the train, which was moving at the rate of 30 miles an hour, breaking his arm and receiving a bad gash about the face. He was recantured in a few hours, however, and brought on to Wilmington, where he was safely lodged in jail. Lawrence, it was learned yesterday, escaped from the county roads some time ago, four months before his time would have expired. Every effort is being made to recapture him and it is not thought that he will enjoy his freedom for any considerable length of time. It is very probable that the County Commissioners will take steps at once to make the necessary improvements on the ceiling so as to make it well nigh impossible for a prisoner to escape in this way.

FUNERAL OF MRS. HARDY.

Services Held From Fifth Street M. E. Church Yesterday.

The funeral of Mrs. W. H. Hardy whose death occurred Saturday night at her home, corner Fifth and Church streets, was held from Fifth Street Methodist Church at 4 o'clock yesterday afternoon, conducted by Rev. K. D. Holmes, the pastor. Many relatives and friends of the deceased were present to pay a last sad tribute of respect and there were many beautiful floral designs. The interment was in Oakdale cemetery. The pallbearers were: Honorary, Messrs. John W. Hewett, M. Marshburn, R. A. Montgomery and Rev. J. W. Craig; active, J. W. Fleet, John T. Sholar, Ed. N. Penny, L. W. Baggett, W. H. Register and James Smith.

FIFTY-FOUR CHINAMEN.

On Two German Steamers in Port—Both Are Rickmers.

What is believed by customs officers to be the largest number of Chinese sailors ever in port at one time are here on the two German steamers Ellen and Sophie Rickmers, the crews of both vessels, with the exception of the officers, being practically made up of Chinamen.

There are 28 signed on the Sophie Rickmers and 26 on the Ellen Rickmers. The Immigration Department has been notified of their arrival here on the two foreign vessels and as is the usual custom a close tab will be kept on them to see that none of them get into the country as permanent residents contrary to the immigration laws.

MOONLIGHT TRIP TONIGHT.

Given by Grace Philathea Class on Steamer Wilmington.

A delightful moonlight excursion, the second of the season, will be given this evening on the steamer Wilmington under the auspices of the Philathea Class of Grace M. E. Church. It will be made an interesting trip and a number of pleasing features have been arranged for the outing. The steamer leaves Market dock at 8 o'clock and will return to the city by 11 o'clock. The public is cordially invited.

A Regular Tom Boy

Her mother just applied Bucklen's Arnica Salve and cured her quick. Heals everything healable—Boils, Ulcers, Eczema, Old Sores, Corns or Piles. Try it 25 c at Robert R. Bellamy's.

GERMAN-AMERICAN ALLIANCE

Branch to be Organized in North Carolina—Distinguished Charlestonian in Wilmington Last Night to Explain.

A State branch of the National German-American Alliance is to be organized in Wilmington by the native Germans and descendants of Germans, now citizens of Wilmington and North Carolina. This movement was launched last night at the Club House of the Howard Relief Company, after an able and exceedingly interesting address by the Hon. John D. Cappelmann, of Charleston, S. C., who delivered an address on "Public Opinion", followed by an explanation of the scope and purposes of the great National organization of German-American citizens, inaugurated six years ago and which is now extending rapidly to all the States of the Union.

The National German-American Alliance, though only six years old, now embraces a membership of two millions and the organization is appealing to the German citizens North and South and they are rapidly organizing into a compact alliance with high aims and purposes, the keynote being the attainment of the highest ideals of American citizenship among Germans and those of German descent, who have cast their lot with the great American Union. Mr. Cappelman came to Wilmington to introduce this movement because this city is the largest settlement of German people in the State.

The distinguished Charleston gentleman, himself of German descent, met a most cordial and hearty welcome among his fellow Germans and when that is stated, it may be fully realized that the reception given him was from the heart, for no people on earth are so warm and sincere and so loyal and hospitable as those who can boast of Teutonic blood or ancestry.

Mr. Cappelman arrived Saturday from Newbern where he delivered an address in which was involved encouragement of the celebration of the 200th anniversary of the settlement of Newbern by German and Swiss settlers, who landed there July 1710 under Baron deGraffenreid. The distinguished visitor was met by a reception committee of German citizens and yesterday he was the recipient of courtesies of various kinds, including an automobile drive to Wrightsville and a trip to Wrightsville Beach. The party rendezvoued at the attractive club house of the Howard Relief Company, at Front and Ann streets, and the automobile trip started from there at 12:15 P. M. Five automobiles, carrving a party of about 25, made a quick and delightful run to Wrightsville and there the party took the trolley train to Wrightsville Beach. At the beach a sumptuous luncheon of sea products appealing to the epicurean was served at the Seashore Cafe, after which the time was pleasantly whiled away at the Hanover Seaside Club and at Lumina. The day was ideal and the delightful breezes added exhiliration to what was a most delightful trip, enjoyed to the full by an appreciative guest and his most cordial hosts. At the leaving time the party returned to Wrightsville and motored to the city preparatory to the meeting last night.

Last evening Mr. Cappelman was the recipient of a graceful courtesy at the hands of Mr. James Sprunt, who has the honor of representing the German Empire in the State as its consul. The consul entertained the Charlestonian at tea and with him a party of German citizens who greatly enjoyed the hospitality of Mr. Sprunt and greatly appreciated the cordial reception and warm hospitality which that gentleman extended to their guest. In honor of Mr. Cappelman's visit, Mr. Sprunt flew the German colors at the consular residence and his guest and his friends most heartily reciprocated the spirit which prompted their thoughtful host.

At 8:30 o'clock last night fully a hundred Wilmington Germans met at the Howard Relief Company's Club House to greet Mr. Cappelman and hear his address. After introductions the company assembled in the club auditorium which was tastefully decorated with American flags. On the stand with Mr. Cappelman was Consul Jas. Sprunt, the Rev. W. A. Snyder and Mr. J. G. L. Gieschen, president of the Howard Relief Company, and members of that organization. Conspicuous upon the stand was a magnificent bouquet of white and crimson carnations, tied with ribbons, representing the German colors. This was presented with the compliments of Mr. Sprunt to Mr. Cappelman, and at the inception of his address, the Charleston gentleman acknowledged the courtesy in most appropriate words.

President Gieschen in behalf of the Germans in Wilmington, cordially welcomed the speaker of the evening, stating that Mr. Cappelman is the legal counsel adviser and spokesman of the National German-American Alliance, in the interest of which he was visiting this city.

Mr. Cappelman was received with hearty applause and he immediately began his address. His topic was "Public Opinion" and he handled his subject in a manner that was most philosophical, entertaining and highly instructive. The Rev. W. A. Snyder, pastor of St. Paul's Evangelical Lutheran Church, was seated on the stand and to him Mr. Cappelman alluded as a former friend of his and a resident of Charleston. He remarked that he was exceedingly glad to learn how truly Mr. Snyder had fixed himself in the hearts and affections of his Wilmington parishioners, one of whom had declared, "he's all right." Mr. Cappelman began his address by relating an anecdote in "Platt-Duetch", the vernacular being inimitable and creating great merriment, as he related the experience of Hans in a lawsuit with a widow concerning a hog. The speaker proved himself as gifted in German as he is in English and his address was in the English language, proving him to be a master in the presentation and exploitation of his subject. He gave a lucid definition of public opinion, and his explanation of it, touching the law was clear, incisive and impressive. He explained that the law is a legal system for the protection of society and it aimed to protect the right and punish the wrong. Concerning the law there is a healthy and unhealthy public opinion, the one upholding the law and the other defeating its purpose. He explained public opinion touching many relations in life and declared that no ruler or power exists today that is not susceptible to public opinion. He upheld the healthy public opinion that stands up for the law and acknowledgment of God, and his address was a strong plea for the right and for the uplift of German Americans to the highest ideals of American citizenship.

Mr. Cappelman declared that the German is Godfearing, honest and law-abiding and that in America he had stamped his character upon every movement for freedom and right, beginning with the American Revolution when the Pennsylvania Germans were the first to report to George Washington to sacrifice theid lives for liberty and for the independence of the United States. The deeds of Germans were extolled and their part in history was emphasized. German pride was appealed to and German Americans were urged to uphold the standard of citizenship. It is impossible in this brief article to attempt to present the strong and admirable features of an address the scope of which was admirable and the breathing spirit of which was an appeal for ideal citizenship. The speaker remarked that he was rejoiced to learn that German Americans stood high in public opinion in Wilmington and he went into a full explanation of the alliance, detailing that its main purpose is to unite German citizens in a movement for their uplift. The Alliance aims at emphasizing German history and art, encouraging the speaking and teaching of the German language, the study of German literature, the adoption of the German language as a part of the public school work, and the duty of German American citizens to their great country—The United States of America, which without their aid and sacrifice of life and property would never have been established.

Speaking with reference to the Newbern celebration he urged Germans to encourage and participate in it, as it was Germans and Swiss who settled there 200 years ago. He declared the celebration is to be a grand affair, the main features to be a tableaux representation of the landing of the colonists, to be represented by the Woodmen of the World as a landing party while the Order of Red Men will be ashore to represent thousands of Indians receiving the new settlers.

Other scenes will represent massacres, Indian uprisings and features for portraying the struggles and hardships and progress of the settlers. This is a part of German history in America and for that reason Mr. Cappelman urged hearty co-operation with the Newbern people in fitly celebrating that event and for the purpose of erecting a monument commemorating it. He closed his address amid appreciative applause and was assured that the purpose of his visit will meet with a hearty response. The Southern States which aready have State branches of the Alliance are South Carolina, Virginia, Georgia, Florida, Missouri and Texas. The National German American has for its president C. J. Hexamer, Ph. D., of Philadelphia, and of the five vice presidents Mr. Cappelman is the fourth, or Southern vice president.

At the conclusion of his address Rev. W. A. Snyder addressed the meeting and heartily urged the organization of the State branch. This will be accomplished in Wilmington or at Newbern, most likely the latter place, when the celebration of the 200th anniversary takes place July 25th to 30th.

LOCAL DOTS.

—By deed filed for record yesterday Ernest P. Crow and wife transferred to Meta H. Mahler, for $10 and other considerations, lot on southeast corner of 19th and Princess streets, 70x150 feet in size.

—William Bland, colored, pleaded guilty in Justice Bornemann's court yesterday to the charge of seduction, Adellie Edwards being the complainant. A license was secured and the justice had a marriage ceremony.

—Ensign Geo. P. Williams, in charge of the local post of the Salvation Army, announces a special service in the hall tonight at 8 P. M., conducted by Adjutant Quirk and Captain Seikman, of Atlanta, Ga. The public is cordially invited. There will also be special services tomorrow night.

—The first anniversary of the Y. M. C. A. Yoke Fellows was celebrated last night with appropriate exercises in the rooms of the association. Those present were: Messrs. L. D. Latta, E. G. Mintz, K. W. Price, A. Howell, H. P. Reeves, R. F. Coleman, C. P. Britt, E. Cavanaugh, B. Thees, Marvin H. Brimmer, W. M. Cumming, L. L. Corbett, J. Kotz, J. W. G. Lovell, P. Heinsberger, Jr., H. S. McGirt, A. Cowan, Edwin Kettle, H. E. O'Keef, and Rev. E. R. Welch.

—St. Thomas Catholic Sunday School had its annual outing at Lumina yesterday as guests of the Tidewater Power Company, going down, 133 strong, on special cars at 10 o'clock and returning to the city at 6:15 o'clock. The children were in charge of the Sisters and the discipline was a matter especially noticed by all the visitors to the beach during the day. Today the Delgado Presbyterian Sunday School and the Second Advent Sunday School will have their outings at the beach.

—Mr. J. B. Huntington, physical director of the Y. M. C. A. and about a dozen members of the Boys' Department, went to Delgado yesterday afternoon, and through the courtesy of Mr. E. C. Holt were permitted to go through the mills on a visit of inspection. The plan of the association is to carry the boys around to the different industries of the city to give them an idea of how the different things are made. Each boy, on his return, will be asked to write a composition on the things seen by him and those that impressed him most.

Eclipse of the Moon.

A total eclipse of the moon was visible here and all through this section of the country last midnight. The eclipse lasted for about an hour and although clouds a part of the time obscured the view, many persons witnessed the phenomena, which, however, was tame by the side of the comet with which the star-gazers have been busy the past several weeks. Another eclipse of the moon will be visible November 16th.

NEAR-BEER LICENSE TAX $300

The Amount Fixed by Board of Aldermen Last Night—Certain Restrictions Provided—Budget for Fiscal Year.

The Board of Aldermen, in special session last night, Mayor MacRae presiding and every member present, decided to fix the tax on near-beer saloons for the next fiscal year at $300; adopted an ordinance designed to regulate such establishments; made a few other changes in the tax ordinance as given in The Star some days ago; adopted the budget as recommended by the Finance Committee with one or two minor changes, and considered a number of other matters of more or less interest.

The first matter up for consideration was the budget for the fiscal year beginning June 1st, 1910, and the different items were read by Chairman Hall, of the Finance Committee. With one exception—the addition of $1,000 for deep wells—the budget was adopted exactly as recommended by the Finance Committee and published in The Star some days ago. The budget provides the following: General expenses, $10,990; police, $36,017; streets and wharves, $27,560; public buildings, $1,670; sanitary, $5,570; street lighting, $18,596; fire, $24,630; water and sewerage and deep wells, $19,100; markets, $2,070; special accounts, $8,300; miscellaneous, $6,600; bond and interest account, $38,500, making a total of 209,603. The committee recommended that the tax rate $1.40 on the hundred valuation of property, be not changed and the same was adopted.

O motion of Alderman Stone, seconded by Alderman Ellis, the board recommended to the Board of Audit and Finance that the salary of the Mayor be increased from $1,200 a year to $1,800, this action being taken over the protest of the Mayor, who said that he did not desire the change in salary to be applicable while he was in office. However, the Aldermen made the point that this was only a fair compensation for the Mayor of a town the size of Wilmington and further, that he furnished his own office help, paying for same out of the $1,200 salary. The action of the Aldermen was unanimous. On motion of Alderman West the Board of Audit and Finance was requested to restore the salary of City Clerk and Treasurer Fowler to $1,800 a year. The past year he received $1,500.

The following appropriation was asked by the Sanitary Department for the fiscal year beginning June 1st and same was favorably acted upon; Superintendent of health, $900 a year; one health and fumigating officer, ...0; two health officers, $1,320; dairy inspector, $600; three ditchers, one at $10.50 a week and the other two at $10.50 a week, a total of $1,794.40; clerk to superintendent of health $300; disinfectants, $350; contagious diseases, $300; stationery, advertising, and incidentals, $1.0, making a total of $6,384.40. "If the Board of Audit and Finance," says the communication, "concurs in the action of the Board of Aldermen in taking over the scaverger work on the first of June, it will be necessary to make the following appropriations for doing the work: Four carts at $44 each, $176; four mules at $... each, $700; four sets of harness at $21, $84; shovels and boxes, $20, a total of $980."

On the recommendations of the superintendent of health the sanitary committee made the following recommendations to the Board of Aldermen: "That we have three health officers, and a clerk in the office. The committee concurs in the recommendation of the superintendent of health, and also recommend that the superintendent be required to give at least three hours a day in the office, one and one-half hours in the morning and one and one-half hours in the afternoon, the hours the most suitable for the benefit of the public. We also recommend the following as health officers: E. Piner, as health and fumigating officer; J. C. Vereen and J. H. Holton as health officers. We also recommend that the ditchers, who have been under the sanitary department, be given 25 cents a day raise in their pay, as their work requires them to be in water all the year cleaning out ditches, and the chairman can heartily recommend the men to the Street Commission as first class men, who are ready to respond night or day if the occasion should require it. We recommend Mrs. Charles, as clerk to the superintendent of health." The communication is signed by Chairman S. J. Ellis and Aldermen J. B. Fales and Wm. Rehder.

Alderman Yopp objected to the employment of a lady as clerk in the health department and voted against the request of the committee, casting the only dissenting vote.

Representing a number of street hands, Woodus Kellum, Esq., appeared before the board and asked the Aldermen to adopt a resolution requesting the Board of Audit and Finance to increase the salary of the street hands from $8 to $9 a week. On motion of Alderman Ellis, the amount of the increase was added to the budget.

The tax ordinance was then taken up. On motion of Alderman West, seconded by Alderman Willard, the recommendation of the Finance Committee that the license tax apply to all business, trades and professions within a mile of the city limits as well as in the city was not adopted. At this juncture Alderman Willard moved to reconsider the action of the Board at the December meeting in fixing the tax on near-beer saloons at $1,000. Seconded by Alderman West, the motion carried—Ayes, Yopp, Bonitz, Willard, Hinton, West and Rehder; nayes, Ellis, Fales, Stone and Hall. Mayor MacRae declared that the motion prevailed. Chairman Hall, of the Finance Committee, recommended an increase of the tax on agents for brewers and near-beer saloons from $100 to to $1,000. Alderman Hinton, of the committee, submitted a minority report fixing the tax at $300 a year with certain restrictions, which he read. Alderman West moved the adoption of the minority report. Alderman Hall said that he thought the provisions of the ordinance drafted by Alderman Hinton were good, but the very fact that such an ordinance was necessary was sufficient argument that the tax should be increased. He declared that either a $1,000 to or $100 tax meant nothing more or less than a license to sell whiskey for violator shall be fined $50 an in addition forfeit his or their license, and whenever a forfeiture of a license is declared no part of the tax paid shall be refunded. The ordinance is effective after June 1st.

The ordinance was adopted. Alderman Willard asked to be recorded as voting in favor of the ordinance and Alderman Ellis asked to be recorded in the negative, as against any kind of compromise.

Alderman Bonitz offered ordinance to prohibit the running of hacks on the streets of the city from 1 A. M. to 4:30 A. M. There was objection and the ordinance went over until the next meeting.

Alderman West read a petition from the butchers asking for a change in market hours from May 1st to September 1st, the following hours being desired during that period: Open from 5 A. M. to 12 A. M. and re-open at 4 P. M. and close at 7 P. M. The petiuon was granted. The board adjourned shortly after 10 o'clock.

Lilliput Middle Buoy.

The current number of "Notice to Mariners," issued weekly by the Lighthouse Board and the Coast and Geodetic Survey, contains the following notice of interest in local marine circles: "North Carolina, Cape Fear river, Lilliput Middle Buoy, 23, 2nd class can, reported partially submerged, May 9th, will be replaced as soon as practicable."

Sunbeam Club Entertainment.

The annual entertainment of the Sunbeam Club of Miss Alderman's Select School will be given at the Academy of Music this year on the evening of May 27th and reserved seats will go on sale at Yates' Thursday morning. This Club in the past has done much for several worthy objects and they are now engaged in the laudable work of trying to provide a piano for the school. The admission will be only 25c and a highly creditable exhibition is assured.

A LARGE CONTRACT.

When J. Hicks Bunting, the enterprising druggist, first offered a 50 cent package orf Dr. Howard's specific for the cure of constipation and dyspepsia at half price, and guaranteed to return the money if it did not cure, he thought it probable from their experience with other medicines for these diseases, that they would have a good many packages returned. But although they have sold hundreds of bottles, not one has been brought back.

J. Hicks Bunting wants every person in Wilmington who has constipation, dyspepsia, headaches, or liver trouble, to come to their store or send J. Hicks Bunting Drug Co. 25 cents by mail and get 60 doses of the best medicine ever made.

To those suffering with dizziness, headache, poor digestion, constipation and straining, Dr. Howard's specific offers quick relief.

—Mr. and Mrs. E. A. Hawes, of Atkinson, are visiting in the city. Mrs. Hawes being a delegate to the ladies' organization of the East Carolina Diocese, the annual council of which is now being held with St. John's Church.

—Friends of Mrs. George F. Lucas, of Currie, will regret to know that she is in the James Walker Memorial Hospital in this city for treatment, but will be delighted to know that her condition is favorable and that the indications are that she will soon be able to be out, fully restored to health.

ASSEMBLY ACTED DESPITE PROTEST

(Continued From Page One.)

journ Friday.

Will Try N. Y. Presbytery.

Atlantic City, N. J., May 23.—The decision to try the New York Presbytery on charges of heresy because of the granting to Messrs. Black, Steen and Fitch preaching orders after the young men had refused to accept in full the beliefs of the church was announced by the Judicial Committee of the Presbyterian Assembly today.

The committee headed by Rev. E. D. Warfield, president of LaFayette College, presented a report in which it declared the belief "that the minority members of the New York Presbytery had established a prima facie case of heresy and the matter has now been referred to the Judicial Committee of the Assembly who will hear witnesses and report their findings for final action by the Assembly."

Dr. Warfield introduced a resolution to allow contributions to divinity students of over $200, the salary allowed by the Assembly to pay the expenses of students working their way through college to enter the ministry. The resolution passed, after Dr. Warfield had stated his belief that "theological students should not be forced to peddle books or groceries to secure an education."

Until the resolution was passed a regulation of the Assembly had refused to allow students to receive over $200 a year toward their education and the resolution carried a proviso that the increase should only be allowed in case of "sickness or other extraordinary need."

Dr. Hamilton Haynes, of Indiana, declared that the high cost of living is keeping young men out of the ministry and advocated higher salaries for ministers in smaller churches. A mass meeting in the interest of missions for freedmen was held tonight.

Cake Maker, Attention.

You can't win if you use ordinary Lemon and Vanilla Extracts. Insist on getting the Blue Ribbon brand.

Lion Fondles a Child.

In Pittsburg a savage lion fondled the hand that a child thrust into his cage. Danger to a child is sometimes great when least regarded. Often it comes through Colds, Croup, and Whooping Cough. They slay thousands that Dr. King's New Discovery could have saved. "A few doses cured our baby of a very bad case of croup," writes Mrs. George B. Davis, of Flat Rock, N. C., "We always give it to him when he takes cold. It's a wonderful medicine for babies." Best for Coughs, Colds, LaGrippe. 50c. $1.00. Trial bottle free. Guaranteed by Robert R. Bellamy.

What you may have been calling the "good fortune in business affairs" of someone you know may be simply the courage to advertise.

DIOCESAN COUNCIL DOWN TO BUSINESS

(Continued From Page One.)

was adopted.

A resolution was adopted authorizing the Bishop to make arrangements with the Rev. John R. Matthews to conduct missions for six months.

The hour of 12 having arrived the noonday prayer was said by Bishop Strange. The ladies, who were meeting in the Parish House, came over for the service.

When the Council continued the consideration of business matters a letter was read from Mrs. James Sprunt, as president of the North Carolina Society of the Colonial Dames of America, inviting members of the Council to visit the historic St. Philips Church, Brunswick county, during their stay in the city. Upon motion the following resolution was adopted by the Council: "Resolved, That the thanks and appreciation of the Council be extended to the North Carolina Society of Colonial Dames of America for the invitation and that the Council express its desire to accept the same."

The hour for selecting the next place of meeting having arrived, Rev. Chas. N. Tyndall, rector of St. John's, Fayetteville, extended an invitation to meet at his church next year. The invitation was unanimously accepted.

On motion the address of Bishop Strange was referred to the committee on State of the Church.

Afternoon Session.

Practically the entire time of the afternoon session, which convened at 3 P. M. and adjourned at 6 P. M., was taken up with reports from various committees. As stated above the committee on the treasurer's recommendation made a favorable report. The Committee on State of Church reported that it was impressed and gratified by the marks of progress in the Diocese, especially as to facts brought out in the Bishop's address.

The report of President Joseph Blount Cheshire, of the board of trustees of St. Mary's School, Raleigh, showed the institution to be better equipped than ever. New buildings, with incidental improvements, have been erected at a cost of nearly $70,000 since the last meeting of the Council, and a bonded indebtedness of $40,000 incurred. The enrollment this year was 150 boarders and 87 day pupils, making a total of 237, an increase of 20 per cent. oevr last year. The school has not only increased its facilities, but improvements in general administration of internal affairs of the school has been made possible.

Just before adjournment of the afternoon session the committee on canons made its report, making a number of changes of more or less importance.

The feature of the service Sunday morning was the sermon delivered by Rev. John H. Brown, rector of Christ Church, of Newbern, basing his remarks on John 5th chapter and 5th verse. It was a powerful and convincing sermon and listened to with keen interest by the large congregation. After a collection for the New York Bible and Prayer Book Society the service came to a close. Bishop Strange stated that this organization had presented the Diocese with hundreds of prayer books and that it was fitting that a suitable offering be taken in recognition of this fact. Sunday afternoon from 5:45 to 7 P. M. "A Quiet Hour" service was conducted by Bishop Strange and was largely attended. The service consisted of hymns, prayers and meditations by Bishop Strange. The feature of Sunday's service was the annual address of Bishop Strange, which was delivered with great force and his remarks were listened to with unusual interest. There was a large congregation present. The music of the Sunday services was a special feature.

Last Night's Meeting.

Last night a missionary service was held. The first part of the service was conducted by Rev. B. S. Lassiter; the lesson was read by Rev. J. W. Fulford, and the prayer was read by Rev. W. J. Gordon.

The first speaker was Rev. C. F. Smith, of Elizabeth City, dean of the convocation of Edenton, who emphasized the need of more work and more workers in his convocation, mentioning the fact that there are 14 counties in the convocation with 10 clergymen of the Episcopal church. He also emphasized the fact that the evident need is of men as well as of money and enjoined the mothers to inspire their boys to work forward to and take up that work as did Samuel's mother for him.

He was followed by Rev. J. H. Griffith, of Kinston, dean of the convocation of Newbern. There are 9 1-2 ccunties in his convocation, 125,000 white people and only one communicant of the Episcopal church for every 1,000 persons. The figures themselves speak loudly enough of the need of more aggressive work on the part of the church in helping to minister to the people of his territory.

The next and last speaker was Bishop Strange, who spoke for Rev. Thos. P. Noe, dean of the convocation of Wilmington, who was absent on account of illness. In the Wilmington convocation there are eight counties and eight clergymen, an average of one clergyman to the county. He spoke of the many cotton mills in this convocation and of the great demand for missionary workers among the factory people.

It was a splendid service, full of zeal and enthusiasm and was well attended.

The Council will meet at 9:30 o'clock this morning for the transaction of business matters. It was not known last night whether or not an afternoon session would be held. Tonight the closing session will be held.

The Women's Branch.

The ladies held a number of meetings yesterday in preparation for the sessions today. From 10 to 11 A. M. there was a conference of officers and from 11 to 12 there were several sectional conferences. At 12 o'clock the ladies went from the Parish House to the Church to attend the Noonday Prayer for missions. At 4 o'clock in the afternoon there was a meeting in the Parish House of Junior Department and Babies' Branch of the Woman's Auxiliary. This meeting was very largely attended. Splendid reports were received from all the various women's departments.

The address of welcome was delivered by Miss Hallie Rutland, president of St. John's branch of the Junior Department, in a most pleasing and graceful speech. An address to the Babies' Branch was made by Mrs. J. B. Cranmer and the address to the Junior Department was made by Mrs. J. B. Gibble, following which Miss Julia C. Emery, of New York City, general secretary of the Woman's Auxiliary, made a short address.

There was an excellent display of work of the Juniors of the Diocese, and attracted much attention. It was a material exhibit and there were on display things made by the members of the department and which will be sent to the mission stations. There were dummy figures of Sir Walter Raleigh, of Virginia Dare, the first white child born on American soil, of the clergyman who baptized her, and of Manteo, the Indian chief, this representing the first administration of the sacrament of baptism on American soil in the English language. A church calendar, a work of art, is also on display. The exhibit may be seen by those who visit the Parish House today.

At 7:30 o'clock this morning the women will meet for the celebration of the Holy Communion, with Rev. J. G. Buskie, the chaplain, as celebrant. At 10 o'clock a business session will be held. An address will be delivered by Rev. Mr. Buskie, following which there will be an address of welcome, roll call, reports, and the president's annual address. At 12 o'clock the ladies will go over to the church for the Noonday Prayer, following which there will be an address in the church by Miss Julia C. Emery, of New York, also an address by Bishop Strange. Following the addresses the ladies will go back to the Parish House, where reports will be received from Parochial branch, Parochial Gills, Girls' Friendly Society, Daughters of King, etc. A paper on "Mission Study" will be read by Mrs. I. G. Powell, of Roxobel, and a paper on "Alaska" will be read by Mrs. F. W. Hughes, of Fayetteville.

The social feature of today is a trip down the historic Cape Fear river on the steamer Wilmington as guests of Capt. John W. Harper, who generously tendered the members of the Council the use of his boat. The steamer will leave its wharf at foot of Market street at 5 P. M. and return at 7:30 P. M. An invitation is extended to all clergymen in attendance upon the Council, delegates, men, women and children, their hosts and hostesses and all others who have been sufficiently interested in the Council to attend the meetings. The trip is looked forward to with much pleasure.

Treasurer's Annual Report.

The annual report of Capt. Thos. D. Meares, of this city, the treasurer, makes a splendid showing. The receipts have shown a gratifying increase during the year in almost every particular, the gain in all lines of mission work being particularly noticeable. The disbursements have been normal, but despite some gain, the expenses of the Diocese have exceeded the income. A deficit in this department was reported to the Council of 1909. The cash balance is $3,291.46, a large part of which, however, is due to Diocesan mission account. The treasurer recommends that some steps be taken to increase the income.

Under head of "Stocks and Bonds" the report says: "Several changes have taken place in this account. Bonds have matured and been paid as follows: City of Tarboro, $500, and Aberdeen and West End Railroad, $3,000. Your trustees have sold one Atlantic Coast Line certificate, par value $100, for $103, and forty shares of Atlantic Coast Line stock, par value $4,000, at $132 per share, realizing, less brokerage, $5,274.20. The money so derived has been reinvested in a mortgage note for $1,000 at 6 per cent. interest, in certificates of deposit for $2,503 at 4 per cent. interest, and in the purchase of $5,000 of Atlantic & North Carolina Railroad bonds, bearing 6 per cent. interest, payable in 1917, at 106 1-2 accrued interest. This latter transaction was practically the exchange of the Atlantic Coast Line stock, which was paying 6 per cent. interest subject to declaration of dividends, into bonds, with fixed interest of same rate. The Diocese makes a gain of $1,000, less difference of $90, of which $40 was presumptive accrued interest on the stock sold. The Southern Railway stock is still being carried on the books at par, which is greatly in excess of its market value. No dividends have been paid on it during the year."

Of the "Episcopal and Contingent Fund" the report says: "The receipts for account of this fund were inadequate to meet the disbursements, though both appear to be about normal. Actually, the deficit shown is covered by the cost of exchange of investments, but such items are liable to be met with from time to time, and the margin between the two sides of the account is on the wrong side. The receipts for the past three years have been as follows: From Parishes and missions, 1908, $2,784.84; 1909, $2,401.92; 1910, $2,593.59. Interest on investments, 1908, $1,342.02; 1909, $1,191.77; 1910, $1,227.15. Receipts from other sources, 1908, $84.47; 1909, $3,665.45; 1910, $3,923.36. Totals, 1908, $4,211.33; 1909, $3,665.45; 1910, $3,923.36. This is an average of $3,933 per annum. Our expenses for the same years have been respectively, $3,911.72, $3,980.94, $3,980.81, being an average of $3,957 per annum. Any unusual expense means the incurment of indebtedness, as matters now stand, and we can not expect to escape occasional unexpected demands. It is evident that some steps should be taken to increase our income, which does not, I think, bear relative improvement with our numerical gains, and I invite your attention to my former recommendations on this subject, which might be properly considered in connection with remarks in this report under head of 'Our Financial System.'"

The Diocesan mission fund has been handsomely increased, the receipts for the year just ended being $3,005.38 against $1,641.65 for the previous year. The receipts for General Missions from parishes and missions amount to $1,340.79, being a gain over last year of $295.57. The receipts from Sunday Schools amount to $1,486.29, which is $150.90 less than last year. The report covers in detail the receipts and disbursements for the year.

Receipts for the Thompson Orphanage fund reached the sum of $639.31, as against $272.11 for the preivous year. There has been no material increase, however, in the number of contributors. The receipts for the Chapel Hill fund were $584.67, but $100 of the amount was a personal contribution. The balance to credit of the fund is sufficient for five months, on basis of present contribution from this Diocese, and with no increase of income for the present year, the requirements will be met until the next Council.

Bishop's House: "We are still carrying $9,512.51 as an asset of the Permanent Episcopal Fund being the amount advanced for completion of the Bishop's residence. I beg to recommend that the Bishop's House be carried as one of our assets and as an investment of the Permanent Episcopal Fund, at a valuation of $15,000, and that differences from this figure, pro or con, be placed into open account, to which shall be credited further payments on account of the apportionment against parishes and missions. Comparatively little, in most of the large parishes nothing, has been done towards meeting this apportionment. I do not think its liquidation is a matter of great or pressing importance to be dealt with immediately, but it would seem that a constant effort in that direction should be made as was requested at your last Council."

General clergy relief, students' aid, church building, University of the South: "Each of the three funds, first named, shows a gain over last year, but there has been a decrease in receipts for the University of the South. In view of the fact that the offertories for this purpose are less than an average of three cents per communicant, and that three parishes furnish more than half of the amount, it would seem that the necessities of that institution do not, for some reason, appeal to our people.

Under the head of "Our Financial System" the treasurer makes a recommendation as to the method of handling Diocesan finances, which lacks simplicity and directness, and he says it is entirely feasible to undertake a change and he recommends the appointment of a committee to consider the matter and report at this Council.

With reference to repeal of Canons the report says: "Unless some system like that recommended in the preceding paragraph is adopted, I would recommend the repeal of so much of Canon 24 as requires quarterly payments on fixed dates of assessments for the Episcopal and Contingent Fund, and so much of Canon 25 as makes it obligatory on clergymen to take annual collections for what are known as the four canonical funds. The laws are so poorly observed that their continuance among our statutes is harmful. If we can not set an example of obedience to our own laws, we should annul them, and not persistently disregard them. An examination of my books will show that a very few parishes obey the requirements of Canon 24, and this report shows the large number that fail to obey the injunction of Canon 25."

The report gives in detail the receipts and disbursements under the various heads for the fiscal year ending April 30th, 1910.

The Bishop's Address.

The Bishop's address, sweet and sympathetic, couched in the prettiest language, and reviewing the work in the Diocese during the past year, was listened to Sunday night by an audience which taxed the capacity of the church. It began: "Council Sunday! a beautiful name, a beautiful day, a beautiful fact. With grateful hearts to our good God, we come together from all parts of the Diocese to consult for the welfare of the church in that part of the Lord's vineyard en-

KENTUCKIAN'S ILLNESS BAFFLED THE DOCTORS

The above likeness of J. W. O'Lee was taken since his restoration to health a few months ago. Mr. O'Lee is a member of the firm of The Nicholson-Foley Company, furniture dealers and funeral directors at Corbin, Ky. His quick recovery is a great surprise to his friends. In telling about his illness Mr. O'Lee says: "For eight months I was a physical wreck. I did not know what was the matter with me, and judging from the results of their treatment, the four doctors I employed at different times knew no more than I did myself. At any rate, they failed to help me. I was terribly reduced in flesh, and had no strength at all. I could neither eat nor work. I was extremely nervous, and greatly depressed in spirit. I had almost reached the conclusion that I never would get well.

"I was urged to try Cooper's New Discovery, but as I had no faith in patent medicines, I hesitated to do so. Finally I went to a drug store in Lexington and bought a bottle. The promptness with which it helped me was astonishing, and I continued the treatment. Gradually I gained strength. My appetite returned, and I began to sleep well at night.

"In a few weeks I was feeling like a different man, and my recovery was more rapid. Three bottles of Cooper's New Discovery made me well. It has been two months since I stopped using the medicine and I never felt better in my life. I now weigh 202 pounds."

Cooper's New Discovery is a remarkable medicine. We are agents for it in this community.—J. H. Hardin.

No matter how small the town— no matter how big—there's always a nearby branch for the

OWL CIGAR, 5c

You can't find a cigar store where the Owl isn't on sale—where it isn't 5c. When 30 years of competition find it still on hand everywhere—there's but one answer—QUALITY.

TALLOW—Firm at 4 1-2 to 5c per pound.

SWEET POTATOES—Good demand 80c. 4 1-2c per pound on foot.

HIDES—Dr., flint 14c; green 9c per pound

SWEET POTATOES—Good demand 65c per bushel for yams.

WOOL—Burr 18c.; free of burr 24 to 25c.

GOATSKIN—50@255 per head.

PORK—Small corn fed 10; large 9c., owing to quality.

SHEEP—No sales.

LAMBS—Good demand $1.50 to $3.00.

PEAS—White black eyes $2.25 and $2.50; lady fingers $2.75; clay and cow peas $1.65, dull.

THE COTTON MARKET.

New York, May 23.—The cotton market was very nervous and unsettled today a sharp early advance being followed by a decline which left the market steady at a an advance of 3 to 14 points on covering and bull support inspired by fairly steady cables, particularly as to the Liverpool spot market, talk of too much rain in the South and reports of a firmer market for cotton goods. But offerings were heavy at the initial advance which carried July up to 15.36, or 64 points above the low figures of last week and the market soon weakened. Southern selling tended to reassure local sentiment as to weather conditions the new crop outlook. Liverpool was a considerable seller and during the middle of the day there was heavy selling by Wall street houses as well as scattering liquidation and bear pressure encouraged by reports of heavy arrivals of spot cotton here from the South. July contracts broke to 15.12, or 24 points from the high level of the morning and 12 points under the closing figures of last night, and while August was even weaker, selling off to 14.81, or 19 points net lower. Slight rallies occurred in the last half hour as a result of covering by early sellers, but they were barely maintained and the market closed within a point or two of the lowest.

Southern spot markets officially reported early were 1-8c higher to 3-8c lower, generally unchanged. Arrivals of cotton reported at New York from the South today were 23,000 bales but it was stated that Mr. Patten is shipping 50,000 bales of the local stock to Liverpool and the continent as rapidly as freight room becomes available, and that ocean freight room engagements since Saturday have amounted to 40,000 bales. The weather forecast was for continued unsettled conditions with showers and lower temperatures in the South and in spite of the Southern selling orders many of the private reports reaching the trade are bullish as to the crop outlook.

Receipts of cotton at the ports today were 11,572 bales against 11,404 last week and 15,596 last year. For the week 70,000 against 74,979 last week and 108,790 last year. Today's receipts at New Orleans were 3,100 against 3,881 last year.

Spot cotton closed quiet; middling uplands 15.40; gulf 15.65. Sales were 17,956 bales.

Futures opened steady and closed steady.

Month.	Open.	High.	Low.	Clos.

LIVERPOOL COTTON.

Liverpool, May 23.—Cotton: Spot quiet; prices 15 points higher; American middling fair 8.63; good middling 8.33; middling 8.19; low middling 8.09; good ordinary 7.83; ordinary 7.53.

The sales of the day were 6,000 bales of which 300 were for speculation and export and included 5,800 American. Receipts were 15,000 including 14,300 American.

Futures opened firm and closed barely steady. May 7.89 1-2; May and June 7.88 1-2; June and July 7.79; July and August 7.74; August and September 7.50; September and October 7.05; October and November 6.84 1-2; November and December 6.75; December and January 6.73; January and February 6.71 1-2; February and March 6.70; March and April 6.69.

HUBBARD BROS & CO.

Rains Continue in South—General Business Continues Moderate.

(Special Star Telegram.)

New York, May 23.—Rains continue on a liberal scale in the South, and for the good of the crop should soon cease. Cotton is pointing to this city in quantity and after a dull and slightly improved market early in the day, prices yielded under active selling of July by Wall street houses, to meet with the usual support at the lower figures. Lacking this, the market would have declined still further. General business is moderate, and the in and out operations of the local interest constitute the principal, if not the only feature.

HUBBARD BROS & CO.

PORT MOVEMENT.

Galveston—Quiet, 15; net receipts 4,366; gross receipts 4,366; sales 100; stock 53,262; continent 1,622.

New Orleans—Firm; 15; net receipts 3,187 gross receipts 3,645; sales 800; stock 80,415; Great Britain 1,600 continent 200.

Mobile—Net receipts 222; gross receipts 222; stock 5,810; constwise 1,861.

Savannah—Quiet, 14 7-8; net receipts 1,100; gross receipts 1,100; sales 125; stock 25,927; constwise 785.

Charleston—Nominal, net receipts 7, gross receipts 7; stocks 5,064; constwise 208.

Wilmington—Quiet, 14 3-4; net receipts 253; gross receipts 253; stock 16,153.

Norfolk—Quiet, 15 1-8; net receipts 1,441; gross receipts 1,441; sales 100; stock 18,528; constwise 2,762.

Baltimore—Nominal, 15 1-2; gross receipts 400; stock 7,003.

New York—Quiet, 15.40; net receipts 669; gross receipts 21,981; sales 17,956; stock 261,743.

Boston—Quiet, 15.40; net receipts 11; gross receipts 706; stock 7,053.

Philadelphia—Steady, 15.65; stock 1,604.

Port Towsend—Net receipts 316; gross receipts 316; Japan 316.

Total today, at all ports, net receipts 11,572; Great Britain 1,000; Continent 1,822; Japan 316; stock 484,075.

Consolidated, at all ports, net receipts 20,022; Great Britain 21,809; Continent 2,230; Japan 316.

Total since September 1st, at all ports, net receipts 6,957,520; Great Britain 2,104,439; France 843,785; Continent 2,396,796; Japan 86,907; Mexico 13,819.

INTERIOR MOVEMENT.

Houston—Steady, 15; net receipts 2,292; gross receipts 2,292; shipments 174; sales 915; stock 28,026.

Augusta—Quiet, 15 1-8; net receipts 145; gross receipts 518; shipments 495; sales 124; stock 23,916.

Memphis—Quiet, 15 1-8; net receipts 288; gross receipts 850; shipments 1,535; sales 950; stock 55,938.

St. Louis—Quiet, 15; gross receipts 352; shipments 352; stock 28,318.

Cincinnati—Net receipts 761; gross receipts 761; shipments 541; stock 14,089.

Little Rock—Quiet, 14 1-8; net receipts 873; gross receipts 873; shipments 31; stock 26,425.

Louisville—Firm; 15 1-8.

Total today—Net receipts 4,350; gross receipts 5,655; shipments 5,128; sales 1,989; stock 176,712.

THE DRY GOODS MARKET.

New York, May 23.—Moderate sized orders for cotton goods were received in the mails. Advices from raw silk growing centres state that prospects are bright for a large crop. Dress goods markets rule quiet. Linens are firm and quiet.

NEW YORK PRODUCE MARKET.

New York, May 23.—Flour dull and easy. Spring patents 5.50 to 5.50; winter patents 5.00 to 5.40.

Rye Flour—Steady.

Corn Meal—Barely steady.

Wheat—Spot weak; No. 2 red 1.10 nominal; No. 1 northern 1.16 3-4 nominal Options closed 3 1-2 lower on May and 1 3-8 lower for other positions. May 1.11; July 1.07; September 1.03 1-4.

Corn—Easy; No. 2, 67 1-2; nominal, elevator domestic basis. Options closed 1-8 to 1-4c net decline; May 69; July 68 3-8; September 68 5-8.

Oats—Easy; mixed nominal. Options were without transactions.

Lard—Steady.

Tallow—Quiet.

Rice—Steady.

Molasses—Steady.

Sugar—Raw firm; refined sugar steady.

Coffee—Futures quiet. Spot quiet. Rio No. 7, 8 1-4; Santos No. 4, 9 3-8. Mild quiet; Cordova 9 1-4 to 12 1-4.

Butter—Slightly firmer. Creamery specials per pound 28 1-2; extras 28; thirds to first 25 1-2 to 27 1-2; state dairy finest 28; common to prime 23 1-2 to 27; process specials 26; seconds to extras 22 1-2 to 26; factory seconds to firsts 22 1-2 to 23 1-2; imitation creamery 24 to 25.

Cheese—Firm. State, full cream new special 15 to 15 1-2; fancy white 14 3-4; fancy colored 14 3-4; average prime 14 1-4 to 14 1-2; fair to good 13 to 14; common 10 to 12; old as to quality 16 to 17; state skims specials 12 1-4; fine 10 1-2 to 11 1-2; fair to good 8 3-4 to 9; common 5 1-2 to 7; full skims 3 to 4.

Eggs—Weak; state, Pennsylvania and nearby whites 24 to 27; gathered whites 23 to 25; henery browns 23 to 24; gathered brown 22 to 23; fresh gathered storage packed selections 21 1-2 to 22; regular packed extras 21 1-2.

Potatoes—Easy; Bermuda per barrel 3.00 to 4.00; Florida white 2.00 to 3.50; Southern per barrel 1.00 to 3.00; Delaware sweets per basket 40 to 75c; Jersey do per basket 50 to 1.00.

Cabbages—Easy; eastern shore per crate 75 to 1.00; do per barrel 75 to 87; Flat Dutch per crate 1.00; Southern per barrel 65 to 85; do per crate 75 to 1.00; Wakefield per crate 75 to 90; Florida red per crate 1.00 to 1.50.

Freights—Steady; cotton to Liverpool per 100 pounds 15c; grain to Liverpool half pence; grain to London 1 1-4d.

Peanuts—Steady; fancy handpicked Virginia 5 1-8 to 1-2; Virginia shelled numbers one and two at 4 to 7.

The cotton seed oil market was quiet, with sales of 4,000 barrels, but prices were firm on very small offerings, closing at a decline of 5 points to 9 points advance. July 7.98 to 8.02; September 7.96 to 8.03; October 7.47 to 7.48; December 6.60 to 6.64. Prime crude nominal; prime summer yellow 7.75 to 8.25; prime winter yellow 8.25 to 8.75; prime summer white 8.00 to 8.75.

THE GRAIN MARKET.

Chicago, May 23.—More than a million bushels of wheat were thrown into the pit at the first tap of the gong today. Such tactics repeated throughout the session and following a decided break Saturday, demoralized the market. One of the largest houses here, said to be heavily short in the May deal, led in the selling. Foreigners assisted in putting down prices. May wheat was 4 cents off at one time, but closed at a net loss of 2 1-2. The crop futures finished 1 to 1 1-8 to 1 1-4 down. Final figures on corn were unchanged to 1-8c higher, oats 3-8 to 1-2c lower and provisions lower also by 5 to 7 1-2 cents.

THE FINANCIAL MARKET.

New York, May 23.—Money on call steady 3 to 3 1-2 per cent, ruling rate 3, closing bid 3 1-4, offered at 3. Time loans steady; sixty days 3 3-4 per cent, and ninety days 3 3-4 to 4. Six months 4 to 4 1-4. Prime mercantile paper 4 3-4 to 5 1-4 per cent. Sterling exchange strong with actual business in bankers bills at 4.8425 to 4.8440 for sixty day bills and at 4.8780 for demand. Commercial bills 4.83 3-4 to 4.84. Bar silver 53 7-8. Mexican dollars 44.

THE STOCK MARKET.

New York, May 23.—Today's stock market was a disappointment to those who took on stocks in the latter part of last week in the expectation that abroadening of demand a rise in prices were to be looked for this week. The sagging tendency of prices was directly due to selling to realize by such disappointed holders while the expected demand was not in evidence. The deeper causes for the action of the market, or its lack of action, still remain obscure. The tone became decidedly weak by the end of the day. Attention today converged on the London money market. The decisive hardening of discount rates at that center carried its admonition to all other financial centers. In Berlin also London exchange rose 1 pfenning and the New York price for demand sterling rose to 4.8780.

The alleged progress of negotiations for the sale of bonds to Paris bankers was subject of discussion again, with the old assertion that official announcement was imminent. There was also insistence on the prospect that the old project of listing United States Steel on the Paris bourse was near its consummation. The stock market was not influenced by these claims, not by the reported of a revival in the iron trade.

The sharp break in wheat prices bore out the news of increasingly favorable crop conditions, but allowance was made for the difficulties of the speculative position in that market. New York banks report considerable discounting here by outside banks while demand for mercantile paper is indifferent owing to considerable resort by merchants to their own banks for accommodation on the plea that collections at this are slow.

The Gould group of railroad securities stood out rather prominently from the prevailing heaviness of the general stock list today, but nothing was advanced in explanation bearing on the value of these properties. The receivership for the Chicago city railways, following that for the Hocking Valley properties was disliked as an evidence of the miscarriage of plans of leading financial groups rather than for any direct effects on the market.

Bonds were irregular. Total sales, par value, were $1,269,000. United States bonds were unchanged on call. Total sales of stocks today were 475,800 shares.

DIOCESAN COUNCIL DOWN TO BUSINESS

(Continued From Sixth Page.)

trusted to our keeping. We have done well in the past; let us do better in the future."

The Bishop then reviews his visits of the conciliar year, touching especially upon the missionary spirit which featured the last gathering at Washington when the council urged rectors of self-supporting parishes to go out more frequently into surrounding missionary fields, and it undertook with enthusiasm to raise $4,000 for Diocesan missions. The committee appointed to lead the enterprise of raising this amount have worked with vigor and earnestness. They have not yet reached the goal set by the council but they have gone three-fourths of the way, and says the Bishop, "We shall persevere with God's help until we reach and pass it." The meeting of the Woman's Auxiliary and Parochial Societies was a marked feature of the last council and the secretary of the Missionary Conference which includes nearly all the Southern States told the Bishop it was the finest gathering of women he had seen at any Council in the South.

Speaking of the Retreat of the Clergy at Wrightsville Beach last Summer, the Bishop says: "I think our experience confirmed us in the thought that it is a good thing for Bishop and Clergy to meet together for ten days in this close informal intimacy, praying together, studying together, playing together."

Speaking of his visit to Newbern, attending the first meeting of the colored convocation and giving the Rev. W. G. Avant his commission setting forth his duties as archdeacon of the colored work in the diocese, the Bishop says: "While taking away none of their legal right in the Council, this convocation will give the colored people the social and the deliberative opportunities which our white people enjoy in the council, and which they cannot have together with us. To this convocation will come the clergy and laity and Woman's Auxiliary, to meet and know each other, to cheer and hearten one another, and to get the development which free discussion and the assumption of responsibility give to men. The Convocation of the colored people will remove all sources of irritation and misunderstanding and will enable each race to do its best work along its own path, each rejoicing in the advance and good work of the other. The Convocation of the colored people made a good beginning in Newbern last July, and they are looking forward to a good advance in Fayetteville in June. In many ways they have a right to be thankful for their progress this year. The Archdeacon is proving himself a wise and active leader. His buying of the church building from the Baptists in Aurora, his building of a church and a congregation in Belhaven, and his wise direction to a head of a remarkable movement towards the church in Roper, where in one night I confirmed 33, satisfies me that I have made no mistake in selecting him for his important post."

Of the work in Wilmington, the Bishop says: "I began my Fall work in Wilmington, confirming in St. Mark's, speaking on education in the Baptist church and welcoming in St. James their new rector. I congratulate the parish and the diocese on the coming of Dr. Milton to be the rector of St. James. He has taken hold of his parish with a strong hand and a clear head, and the people are responding to his leadership. He is interested in all that concerns the Diocese; and I am satisfied that we shall soon feel his influence in its work and counsel."

The last Sunday in February the Bishop spent at Chapel Hill and mostly in the University, preaching to and talking with the students. "It gives me pleasure," says the Bishop, "to tell you that our arrangement with the other diocese and the Missionary district is working well; we have raised within a few dollars of our part of the minister's salary, and I shall see that the rest is ready when needed. Mr. Hogue is doing what I expected him to do; and he is today a great influence for religion and for the church in the great University of the State. I hope the diocese will continue its influence in this good and far-reaching work."

Summarizing, the Bishop says: "Five years ago the Council, the first council of your present Bishop, met in this city. I am grateful for the growth in these five years, and I think it will be encouraging to you to know the chief facts in this growth. In 1905 we had 28 clergy in the Diocese; today we have 32. In 1905 there were 4,299 communicants; today we have a much greater number. In 1905 the Bishops confirmed 285; this day I have confirmed 403. In 1905 we contributed to Diocesan missions $1,090.70; this year we have contributed $3,005. In 1905 we contributed for General Missions $2,450; this year a far greater amount. In 1905 the Women's Auxiliary contributions were $1,103.41, which have been much increased. Have we not a right to thank God, take courage and press forward? Have we not a reason to say, 'We are approving this church of our head and our heart to our fellow men; we are deepening our own interest in the church and in Her Lord Jesus Christ.'"

"To sum up the work of the year: Visitations, 101; sermons and addresses, not including confirmation addresses, 227; churches consecrated, 1; clergy gone away, 4; clergy received, 3; ordinations, Priests, 3; ordinations, deacons, 2; died, 1. Confirmations: Presented by Rev. J. H. Griffith, 9; F. N. Skinner, 8; W. E. Cox, 14; Edward Wootten, 1; J. L. Taylor, 49; W. G. Avant, 62; W. R. Noe, 10; B. F. Huske, 7; John B. Gibble, 11; C. F. Smith, 7; W. J. Gordon, 20; R. B. Drane, 9; D. S. Lassiter 3; A. C. D. Noe, 10; Luther Eborn, 13; Nathaniel Harding, 23; W. T. Wood, 5; C. D. Malone, 20; J. W. Fulford, 3; J. G. Buskie, 6; N. C. Duncan, 18; W. H. Milton, 26; T. P. Noe, 23; J. W. Herrittage, 7; J. H. Brown, 28; A. W. Seabrease, 1; W. B. Suthern, 6; the Bishop 4. Total, 403.

The Bishop in concluding, discusses hopefully and profoundly the questions of the Laymen's Missionary Movement and church unity and exhorts his people in closing thus:

"And so, my people, will you not cooperate heartily with your Bishop in the work to which God hath called him, called us all? We cannot value the church too highly. If we only place her second to our Lord, as the means to get to Him, the means to set Him before men. The fundamental things of principle are not ours to give away, are not ours to cover up; they are not ours for ourselves. They are ours in trust for our fellow men, and we must do what we can to so approve them to our fellows that they will desire and claim them as their own. Let us prize the church so highly that we shall brush out of the way the little things, the matters of detail which hide the beauty of the church herself from our fellow Christians. Let us prize the church so highly that we shall ever make the broad and inclusive interpretations of her laws rather than the narrow and exclusive; let us interpret her laws according to her spirit. Let us cherish deep conviction for the proof as it is in Jesus, and let us cultivate love and patience towards all men; let us keep our gaze fixed on Christ and move steadily in our daily life toward him; and lo! we shall find ourselves closer and closer together with those who are looking, with those who are moving to the same great centre.

SAILORS OPEN AT WILSON

(Continued From Page Two.)

Carroll, cf	2	0	1	2	0	0
Hudson, c	2	0	0	5	2	0
Kelly, p	4	0	0	0	4	0
Total	31	3	5	27	14	3

Score by Innings.

Wilson .....000 100 010—2 4 3
Wilmington ....000 030 000—3 5 3

Summary—Two-base hits, Westlake and Doak; three-base hits, Tydeman; bases on balls, Cowell 2, by Kelly 3; struck out, by Cowell 2, Foreman 2, Kelly 5; umpire, Barr and Upchurch; time 1:50; paid attendance, 1,727.

PAEANS.

"Oh! Wilson town is all a-frown,
I'll tell you what about;
We Sailor Boys, stopped all their noise,
And put that crowd to rout."
—SAILORS' CHANTY.

"Rack 'em up!"

Meet me at the Matinee today.

"Thank you for the camphor!"

Did anybody say anything about cedar birds?

One pipe dream has bursted for the Tobacco town.

The crew was on high-gear right from the start.

Let's lift another now, just to show we can do it.

Kelly paraded them rather regularly towards the wind-up.

Come on boys; let's relegate that cloggy work to the moth balls.

Oh, you Vici Kid! "Please hand us that "Conquering Hero" record; Clarence.

"My word! The Red Birds trimmed Fayetteville with the mighty Luyster on the ridge."

Things were beginning to observe a little groggy until "Ty" cudgeled out that long drive.

Errors were as numerous as Congressional candidates in a down-home Democratic primary.

Ty, old socks; you may not be a Cobb, but you're no slouch with the willow your own self.

Hendrik Hudson did some real classic wind-padding aft of the saucer.

And Rocky Mount did a little winning too.

Johnny Foreman, the ambidextrous wonder, and son of an illustrious baseball father, pitched the latter part of the game for Wilson; and did it well.

Doak and Brouthers both ripped off doubles.

An Ideal Husband

is patient, even with a nagging wife, for he knows she needs help. She may be so nervous and run-down in health that trifles annoy her. If she is melancholy, excitable, troubled with loss of appetite, headache, sleepleseness, constipation or fainting and dizzy spells, she needs Electric Bitters—the most wonderful remedy for ailing women. Thousands of sufferers from female troubles, nervous troubles, backache and weak kidneys have used them and become healthy and happy. Try them. Only 50c. Satisfaction guaranteed by Robert R. Bellamy.

Mexican MUSTANG LINIMENT

An unfailing remedy for the ills of your Livestock and especially valuable in cases of Caked Udder and Sore Teats in Cows.

Saves Loss in the Dairy.

LYON MANUFACTURING CO.,
BROOKLYN, N. Y.

GENTLEMEN:—It seems to me among your claims as to the efficacy of **Mexican Mustang Liniment** you hardly give prominence enough to its wonderful curative power on inflamed and caked udder in cows. I have used it for two years in my stable and since I began its use have not had a case which was not relieved by a few applications. A thorough bathing of the udder with hot water followed by gentle and persistent rubbing in of the "Mustang" will, I believe, cure any case, leaving the teats in good order—unless suppuration has already begun. If all others in the dairy business knew this it would save much worry and loss. Respectfully,

MRS. A. I. YOUNG,
The Pines Dairy.
Columbus, Ga.

Mexican Mustang Liniment soothes the afflicted parts while curing them.

IT CONTAINS NO ALCOHOL AND DOES NOT, THEREFORE, STING OR TORTURE THE FLESH.

PUT UP IN THREE SIZES { The $1.00 and 50c. sizes generally used for Livestock. The 25c. size for trial or household use.

For sale by Druggists and General Storekeepers.

LYON MANUFACTURING CO., Proprietors, 41 to 45 South Fifth St., BROOKLYN, N. Y.

CASES BEFORE RECORDER

A Number of Cases Investigated Yesterday—Cutting Scrape, Assault With Serious Injury, Etc., Made Up Docket.

The Recorder had a large number of defendants before him yesterday morning and some were of more than passing interest. The court room was well filled with defendants, three of whom had their heads bandaged, witnesses and spectators.

The first case was against Thos. Washington and Wm. Brown, colored, charged with an affray on one of the suburban cars some days ago. Brown was found guilty and taxed with the costs. Woodus Kellum, Esq., defended and Thos. W. Davis, Esq., prosecuted for the Tidewater Power Co.

Leslie Winner, a young white man, was tried on the charge of assault with serious injury upon Mr. W. F. Bedell, alleged to have taken place at Carolina Beach May 12th. The warrant was sworn out by Capt. J. W. Harper, on information and belief. The defendant was found guilty but the Recorder reserved judgment until today. Herbert McClammy, Esq., appeared for the prosecution, while L. Clayton Grant, Esq., defended.

Belle Cutler, a respectable colored woman, was tried on the charge of disorderly conduct, being indicted by a white man who lives next door to the house occupied by the defendant. She was defended by Herbert McClammy and Geo. L. Peschau, Esqs., while the prosecution was not represented by counsel. The woman proved a good character by a number of witnesses and letters from responsible persons. She was found not guilty.

Arthur Baddie, colored, arrested Saturday night, was found guilty of the charge of resisting an officer and was sentenced to three months on the county roads. He appeared in court with his head bandaged, evidence of the clubbing he received from Officer Hall.

A lively fight occurred between Walter Bell, white, and C. S. Kelly and John Smith, colored, in a cold drink stand conducted by Jim Walton, corner 10th and Wooster streets, about 6 o'clock Sunday afternoon, and both Bell and Smith appeared in court yesterday with their heads bandaged. Bell was beat in the face with a door bar and had several beer bottles broken over his head, while Smith was painfully slashed on one side of the face with a knife by Bell. Kelly was not injured. The trouble started over some trivial matter. All three were arraigned in court yesterday morning on the charge of assault with deadly weapon. Bell was found not guilty; Smith was fined $15 and costs, and Kelly was fined $25 and costs, or three months on the roads.

Doctors Agree

that much of the illness of children can be traced directly to unsanitary refrigerators, and many cases of typhoid fever can also be traced to an ill smelling, foul, zinc-lined ice box.

A good refrigerater is the best "health insurance" you can have, as it safeguards the health of your family and keeps your food clean, fresh and pure.

McCray Refrigerators

are endorsed by physicians, hygienists, and sanitary experts, and are not only **better** than ordinary refrigerators, but are much more economical as they require only one-half as much ice as an ordinary refrigerator, They are so perfectly insulated that they are as nearly as possible cold and heat proof, and therefore have an active circulation of absolutely **dry**, cold, pure air with the minimum amount of ice.

Let Us Tell You Why

McCray Refrigerators are superior. Come in and see them for yourself, and let us give you the names of some of the people who are using McCray Refrigerators. Then call some of them up on the 'phone and ask them if they are satisfied with the McCray. Don't take our word—ask someone who is actually **using** a McCray.

THE FRENCH MILLINERY PARLORS.

The
"Come Back"

It is the customers who come back that make a business grow. Clever advertising may get a customer once, but only honest values—being "square"—make him come again.

Your satisfaction is what we are striving for. That's why we offer such clothing as

Stein-Bloch Summer Suits

for your consideration.

No better clothing is made today—not even by high class custom tailors.

No garments anywhere near so good can be had anywhere else at equally low prices.
